

Sen. Hazlewood Vote Against Tax Measure Passed

Senator Grady Hazlewood writes in explaining tax measure and his vote against bill as passed:

The purpose of this news letter is to give the folks back home a behind-the-scenes account of the largest tax bill ever passed by the Legislature—which happened to be a substitute bill I offered in order to keep the entire tax load off gasoline and cigarettes.

The majority of the Legislators had already approved a 1c a gallon on gasoline and cigarettes, and those increases appeared a certainty. But they needed approximately \$30,000,000 additional money, and they had previously proposed a tax on tourist courts and motels, gross receipts taxes and a number of others. Finally, Senator Lock came up with what was supposed to be a compromise bill agreeable to both the administration forces as well as the Legislature—a 1½c increase on gasoline and 1½c increase on cigarettes. That would have raised the \$60,000,000 per year necessary.

I offered the substitute tax bill for the sole and only purpose of cutting down those levies on gasoline and cigarettes. In order to do this I had to find another source of revenue. I selected beer because it was paying the least tax of any commodity contained in the omnibus tax measure which has been on our books for 20 some-odd years. For 10 years the powerful beer lobby has been successful in defeating all taxes with the exception of 4/100 of 1c per bottle, which is about the same as nothing.

My penny a bottle tax on beer would have raised an estimated \$30,000,000 for the biennium. Since the majority of the members of the Legislature had already approved an increase of 1c on gasoline and cigarettes, the only issue was whether or not we would tax beer, and that was the whole argument about my substitute—whether beer was going to be taxed or go free again. Certainly no one up to the time of my proposed substitute had included beer in the tax bill. The House of Representatives had rejected a tax on beer eight different times this session, so you can see how strong that beer lobby is.

The percentage of value of State taxes proposed by my substitute bill would have been approximately 21% of value on gasoline, 28% on cigarettes, and still only a miserly 8½% on beer. In other words, the other two items, gasoline and cigarettes, would still be paying three times as much State taxes on the percentage of value basis as beer.

The free conference committee reduced the tax on beer to the extent of about \$7,000,000 per year and added that amount to corporation franchise taxes. These days there are lots of small businesses in small towns that are incorporated. In view of the fact that beer still was not paying its proportionate part of the State tax load, I voted against the entire tax bill—gasoline, cigarettes and all. As a matter of principle, I was not going to vote for anything that reduced the taxes on beer. The net result of my substitute bill was that we will now get more than \$19,000,000 per biennium from beer that was intended to be placed on gasoline and cigarettes.

Stork Specials

Mr. and Mrs. James Duncan are the proud parents of a boy, born June 3rd in Port Arthur. James Thomas weighed 8 lbs., 8 oz. Mrs. Duncan is the former Lynn McKinney, daughter of Mr. and Mrs. T. F. McKinney.

Elmer L. Chesnut Is Honored by the Phillips Company

Phillips Petroleum Company honored pioneer employees at a dinner at Bartlesville, Okla., on Thursday night.

Elmer L. Chesnut of Canyon was one of the employees who was recognized for 30 years of service. He was with the supply and transportation department, and is now chief engineer at the pump station. During his employment he has served in various capacities at company installations in both the Breckenridge area and the West Texas-New Mexico district. He is a member of the Masonic Lodge.

Longbine Gets Duke Uni. Degree

Frederick William Longbine received his B.S. in Medical Technology degree at the 103rd Commencement of Duke University, Durham, N. C., recently at the regular commencement.

Longbine has been visiting friends and relatives in Canyon the past week.

Dr. and Mrs. Ishmael Hill of Lubbock spent the week-end in Canyon visiting relatives.

Number 10

Red Cross Helps Rebuild Where Storms Destroy

Roaring tornadoes are happening quite often now throughout the Southwest. On the night of May 25, 561 homes were flattened in Kansas and Oklahoma, and 500 more were damaged. There were 99 people killed and 487 injured by this storm.

Families buried their dead and turned to as nearly a normal life as they could live with what the tornadoes left. Some suffered terrible losses who haven't sufficient savings nor reserve to build back what they lost. Some can rebuild and go on but the storm will leave heart-breaking memories of loss and destruction.

One of the things that many of the people will remember during such a time is the help provided by the Red Cross. The immediate need at such a time is food, shelter and clothing and the Red Cross moves in to help out with this and remain for the rebuilding tasks ahead.

Each family's case is presented before a volunteer committee of local citizens who review the family's needs and help in determining the award. All this time the family's name remains anonymous.

Families choose their own contractor or builder. After the new home is built or repairs completed, the Red Cross building advisor makes a final inspection to see that all terms of the contract have been carried out. Then the Red Cross makes out a check to cover the cost. Where families, through savings, credit, or other resources, can bear part of the building cost, the Red Cross then makes up the difference.

The Red Cross bases all disaster help on what families need that they cannot replace themselves to restore essential living conditions.

Funeral Service Mrs. W. J. Stewart at Hereford Today

Mrs. Etta Lee Stewart died Monday afternoon at 2:30 o'clock in the Neblett Hospital where she had been a patient for the past four weeks. She was 70 years of age.

Funeral services will be held this afternoon at the First Baptist Church in Hereford, conducted by Rev. Paul McClung of Dawn and Rev. Lester L. Hill of Canyon. Burial will be in the Hereford Cemetery.

Mrs. Stewart was born in Indian Territory. She was married in 1907 to Walter J. Stewart. They lived in Nacona before removal to Dawn in 1928. They have lived at 1219 Third Avenue for the past five years.

She was converted and joined the Methodist Church at the age of 14 years.

Survivors are the husband; and three sons, Clifford Stewart, Reece Stewart, and Raymond Stewart, all of Dawn; five grandchildren; one sister, Mrs. Ona Hopkins of Wichita Falls; two brothers, Arthur Boutwell and Buddy Boutwell, both of Nacona.

Dairyman Died Monday Morning

Oral Edgar Wineinger, 40, died Monday morning at his dairy south of Amarillo of a heart attack. He was the husband of Mrs. Lois Wineinger and father of five children, Robert, Peggy, Patricia, James, Lloyd.

He was the son of Mrs. Lottie Wineinger and brother of Mrs. Edgar Williams of Canyon.

Funeral services await the arrival of relatives, but will likely be held Thursday.

Funeral For Former Citizen at Pampa

Miss Edna Graham received word Tuesday morning from Miss Goldia Gruver in Los Angeles, California, that her mother, Mrs. Gruver, had died and her body was being shipped to Pampa for burial.

Funeral services will be held from the Mortuary in Pampa at 2 o'clock Saturday afternoon.

Miss Gruver is a former teacher of mathematics in West Texas State and although she has been away from Canyon for a good many years has never lost contact with her friends or the community here.

MOTHER DIES SUDDENLY

Rex Reeves was called to Clarendon last Wednesday by the sudden death of his mother, Mrs. E. R. Reeves.

New Agent Takes Office In County

MRS. MONA K. HILDRETH

Mrs. Mona K. Hildreth moved from Tulsa to Canyon last week and took over the work of Home Demonstration Agent in Randall County this week. The office has been vacant since Miss Lou Ella Patterson moved from Canyon to Perryton December 1st. There are not enough qualified Agents in Texas to fill the demands.

Mrs. Hildreth is married. Her husband is Wayne P. Hildreth, who is employed in Amarillo. He was formerly with the City Health Department of Amarillo and has been in Canyon at regular intervals. The couple have a son, who is eight years of age.

Mrs. Hildreth received her degree from North Texas State at Denton, and attended Texas Tech at Lubbock for advanced work.

Committee to Name City Park

The committee of five local men selected by the Chamber of Commerce to select a name for the new City Park, will meet Thursday afternoon at the City Hall to select the name.

The Chamber has offered a prize of \$50 for the person who submits the best name for the City Park.

Dovie Keene Wins W. T. Scholarship

Miss Dovie Keene, Canyon High School graduate, has been awarded a scholarship to attend West Texas State College this fall. The award covers tuition and fees and part of other expenses.

Miss Keene is the daughter of Mrs. E. L. Keene, 2110 7th Avenue, Canyon.

A member of the National Honor Society and Who's Who, Miss Keene was elected sophomore class favorite, band queen, and secretary of her senior class.

Her extra curricular activities consisted of playing basketball and volleyball, editor of The Eagle's Tale, member of the band council, president of the science club, member of the student faculty congress, and publicity chairman of the Canyon Christian Youth Council.

Tom Langston To Attend Austin Meet

Tom W. Langston, secretary to the president of West Texas State College, will attend a one-week Work Conference for Educational Secretaries which opens Monday at the University of Texas.

One of four national conferences for educational secretaries, the Austin meeting will feature about 15 consultants and speakers. They include Mrs. Martha Luck, Chicago, president of the National Association of Educational Secretaries; J. W. Edgar, commissioner of education, Texas Education Agency; and Frank Monroe, president of the Texas Association of School Administrators.

Langston will participate on a panel of secretaries June 23, speaking on the mechanics used by secretaries, including shorthand, typewriting, and reception work.

Mr. and Mrs. Johnny McBride and children spent the week-end in Fort Worth with Johnny's sister and her husband, Mr. and Mrs. Crawford. George remained for a few weeks' visit.

Mr. and Mrs. A. F. Bennett have as their guest, Mr. Bennett's sister, Mrs. Tillie Strickland of Hiwassee, Ark.

Nine Men Are In 5 Place Jail

Nine men and two women were arrested over the week-end on liquor violations by Sheriff L. S. Johnston and deputies and the State Highway Patrol. Two of the men and the two women were taken to Amarillo for safe keeping.

One Mexican was arrested on the charge of transporting whiskey from Amarillo to Lubbock. He paid a fine of \$356.15 in County Court.

Another Mexican was arrested in the Sunny Hill community on the charge of transporting beer. He pleaded not guilty and his bond was set at \$1500.

Two men and a woman from Plainview were arrested on the charge of drunkenness and fighting east of Canyon. One of the men was badly bruised before the officers separated them.

Two cases of DWI and three drunks were in jail to cool off. They were given stiff fines by County Judge Roy Joe Stevens and Justice of the Peace Carl Anderson, ranging from \$38 to \$250.

Light Shower Falls Tuesday p. m.

A light shower of .16 of an inch of rain fell in Canyon Tuesday afternoon.

Showers have fallen at various sections of the Plains, with heavy rains falling at intervals. This is the first moisture that Canyon has received this month.

TROOP 1 GIRL SCOUTS REPORTS

The treasurer of Girl Scout Troop 1, Judy Wilson, turned in \$2.25 to T. A. Black for the Barnhart fund. In the last meeting the girls decided to give the left-over treasury fund to that cause.

All the girls would like to thank Mesdames M. J. Newman and W. M. Higdon for their wonderful leadership, and also the mothers of the girls for their help. They hope that they can have such good leadership next year.

CALL BY BROTHER'S DEATH

Mr. and Mrs. S. B. Louder were called to Breckenridge Monday by the death of his brother who had been in poor health for some time.

Mrs. Jack Hughes, Mrs. Joe Findley, Mrs. Joe H. Bailey, Mrs. Thos. B. McCarter, and Mrs. Clyde Warwick attended the D.A.R. Flag Day luncheon at the Amarillo Country Club Tuesday.

Miss Lou Ella Patterson, home demonstration agent at Perryton, visited in the Ray Fullerton home Saturday while enroute to Lazbuddie to visit her sister and brother-in-law, Mr. and Mrs. Henry Ivy.

Mr. and Mrs. Walter Rice of Bryan are visiting her parents, Mr. and Mrs. S. M. Mahle, and her sister and brother-in-law, Mr. and Mrs. Carl Hair.

Mrs. W. C. Kunze left Tuesday morning to spend a month visiting in Corpus Christi and New Orleans, La.

Mrs. Dan F. Sanders and son, Richard, are visiting with her parents at Nacogdoches.

"H'MMMMM"—President Eisenhower casts an appraising glance at a bust of himself on display in the West Point Museum, during a visit to the United States Military Academy for a reunion with members of his class of 1915. The bronze was executed by sculptor Joe Davidson.

Court Spends Day on Road

Monday was Commissioners Court Day, but it turned into a road hearing with 150 present from South Amarillo. A battery of lawyers by both opponent and proponents of the road measure had been employed. The court heard 32 of the witnesses.

This was one of the most hotly contested road petitions ever presented to the court.

No action was taken by the court. Art Knorpp headed the petition to open the road, while Norman Dulaney was leader of the opposition.

Hospital News

Births

A son was born to Mr. and Mrs. Baxter C. Lambert on June 8.

Born to Mr. and Mrs. John Charles Collins of Floydada a daughter on June 9.

Mr. and Mrs. Morgan William Pace are the parents of a daughter, born June 14.

A son was born to Mr. and Mrs. Fred Harwood of Adrian on June 14.

A son was born to Mr. and Mrs. C. F. Marshall of Arch, New Mexico on June 14.

Miss Josephine Foote, elder daughter of C. W. and Mary Gates Foote, graduated from the University of Texas this week and is engaged in Christian Worker's Camp in Rio de Janeiro, Brazil, for the summer. She will return to University of Texas in the fall where she has a teaching fellowship in the mathematics department while working for her master's degree.

Mrs. A. Bailey Duncan of Roxton spent the week-end in the home of her husband's parents, Mr. and Mrs. A. B. Duncan, before going to Borger to spend this week with her parents.

Mrs. Mamie Bewley left Tuesday for San Francisco, Calif., to visit her son and family, Mr. and Mrs. Bill Bewley.

Mr. and Mrs. E. J. Larson and Velma Lynne are visiting Mrs. Larson's son and daughter in San Antonio and Irving.

Joe Dale White returned two weeks ago from Austin where he is a student in the University of Texas.

Mrs. Henry Droomgoole of Dalhart is visiting with her daughter and family, Mr. and Mrs. Meredith Warren, Randy and Penny.

Wayne Hawkins and Joyce Wilson of Fritch are spending this week with their grandparents, Mr. and Mrs. P. M. Wilson.

Farmers Will Vote on Wheat June 25

The outcome of the wheat marketing quota referendum on June 25 will affect the price-support level and determine whether marketing quotas will be in effect for the 1956 crop of wheat.

According to R. B. Gist, chairman of the Randall County Agricultural Stabilization and Conservation Committee, if two-thirds vote "yes" the support level will be announced before the referendum. If more than one-third vote "no," the support will be 50 percent of parity. In any case, the support will be available in commercial wheat area only to those farmers who stay within their farm's wheat acreage allotment.

Another point which wheat growers should have in mind when they cast their ballots is that if the vote is favorable, marketing quotas will be in effect and those who exceed the farm acreage allotment will be subject to a marketing penalty of 45 percent of parity on their excess wheat. If the vote is unfavorable, marketing quotas will not be in effect and there will be no penalty for excess wheat.

Acreage allotments will be in effect for price support purposes even if marketing quotas are disapproved.

The county committee has designated seven voting places in Randall County for the wheat referendum as follows:

"A"—Canyon community—County ASC office, 1408 4th Avenue.

"B"—Sunny Hill Fairview—vacant house one-fourth mile south of the old Sunny Hill school site.

"C"—Jowell—Jowell school-house.

"D"—Umbarger—School auditorium.

"E"—Highland—John Plank's farm garage, seven miles west of Hollywood Service Station.

"F"—Trigg-Zita—Hollywood Service Station.

"G"—Park-Stone—Donald Ladehoff's farm garage.

Wheat growers have been notified of their wheat acreage allotments. All wheat producers who will have more than 15 acres of wheat for harvest in 1956 are eligible to vote. The marketing quota program does not affect those who will have 15 acres or less of wheat for harvest in 1956. The program will be in operation only in the commercial wheat states.

If two-thirds or more of the nation's wheat growers voting in the referendum approve, marketing quotas will continue in effect for the 1956 crop. This will mean that price support within a probable range of 75 to 82 percent of parity will be available to those who stay within their farm's wheat acreage allotment. Those who exceed the larger of the farm allotment or 15 acres will be subject to a penalty equal to 45 percent of parity on the excess production, and price support will not be available for any of their 1956 wheat crop.

If more than one-third of the growers voting disapprove, marketing quotas will not be in effect and price support will be available at 50 percent of parity for those farmers who stay within the wheat acreage allotment for their farms. Those who exceed their farm wheat allotments will not be eligible for price support.

Every eligible wheat grower who is interested in the price of wheat in 1956 is urged to vote.

Postoffice Gets 8c Hour Boost

President Eisenhower has signed the bill which gives postal workers an increase of 8 cents per hour, effective March 1st.

Postmaster Guy Harp states that no word has come as to how the pay will be increased. The department is operating on a deficit this year, which ends June 30.

According to press reports, many employees of the department are unhappy about the proposed increase since it will not be uniform.

Mr. Harp is of the opinion that the increase will not apply to all employees in the Canyon office.

COOK OF THE MONTH

Mrs. Shirley Goodman Slack won the contest for the Cook of the Month and was featured on the "Miss Mack" program last Tuesday over KGNC. Mrs. Slack baked a lemon-cornmeal pie and salmon steaks with an unusual tartar sauce.

MARRIAGE LICENSES

A. C. Wimberly to Miss Bettie Ruth Glanton, June 6.

James Wayne Reynolds to Miss Glenna Lucille Reagan, June 7.

Allen L. Winters to Mary Alliene Owens, June 10.

Mrs. J. E. Mickey, Don, Jo Ann, Mark and Miss Wilma Lee visited over the week-end with Mr. and Mrs. K. E. Mickey and daughters of Ysleta, Texas. Jo Ann stayed at Ysleta for a longer visit when the others returned to Canyon Sunday night.

Mr. and Mrs. J. C. Hacker of Dallas left Saturday morning after visiting a week with their son and family, Mr. and Mrs. F. M. Hacker.

10 Die, 73 Hurt In Rural Traffic Accidents in May

Ten deaths, 73 injuries and property damage amounting to \$95,138 resulted in rural highway accidents investigated by the Texas Highway Patrolmen in May, according to Captain J. W. Blackwell. The patrolmen investigated a total of 146 traffic accidents and made 571 arrests. Blackwell said these figures did not include accidents in cities over 2,500 population or accidents investigated by other police agencies.

The accidents occurred in various places about the Panhandle area. One hundred and thirteen of them happened on state and federal highways, 12 on farm-to-market roads, 14 on county roads and seven in small towns. Causative factors were speeding, driving while drinking, miscellaneous hazardous driving violations, following too closely and failure to grant right-of-way. Speeding and driving while drinking were also the two first causative factors involved in April's list of violations and accidents.

During the month of May, 1954, there were 12 persons killed, 74 injured and property damage that amounted to \$57,514. For the month of April, 1955, there were five persons killed, 53 injured and property damage amounting to \$54,725.

In the first five months of this year accidents have taken the lives of 36 persons, injured 294 and caused property damage totaling \$323,441. For this same period last year there were 23 persons killed, 273 injured and property damage figured at \$336,338.

Blackwell said that in carrying out their basic duties of traffic law enforcement the 29 patrolmen of Amarillo District No. 5 made 571 traffic arrests, 155 speeding arrests and 31 DWI arrests. They issued 1,166 hazardous warning violations and served 28 safety responsibility demand orders. Four investigations for the restoration of driver's licenses were made. The patrolmen worked a total of 4,765 day time hours and 2,466 night time hours while traveling a total of 78,438 miles. District 5 is composed of 26 Panhandle counties.

Holmes Ambrose Elected Director Music at Millsaps

According to word from Holmes Ambrose at the University of Indiana, he has been elected head of the music department at Millsaps College, Jackson, Miss.

This is a Methodist College of 1290 students. The president is an old friend of Mr. Ambrose.

Best wishes were sent by Mr. and Mrs. Ambrose to their many friends in Canyon. He is in Indiana University working on his doctorate.

Census of June Television Sets

According to the census department, a count will be made of the television sets in this area.

The census is under the supervision of Taylor W. Golden of Amarillo.

SELECTED FOR CAMP WORK

Misses Ella Hill and Barbara Beck left Monday for New Jersey where they will work in Life's Girls Camp this summer. Miss Sarah Thompson, who has been employed in this camp for several years, is not going to New Jersey this year. She is with Dr. Ples Harper on the trip to Mexico City.

NEW HUMBLE MANAGER

Mr. and Mrs. C. M. Byrns and children of Dimmitt have moved to Canyon where Mr. Byrns is manager of the Humble Service Station at the corner of highway and Fourth Avenue. They are making their home at 2106 Fourth Avenue.

Mr. and Mrs. W. H. Hardaway of Happy and Mrs. Elwood Shero attended a wedding in Dumas Sunday and visited with Rev. and Mrs. Cecil Hardaway.

EDITORIAL COMMENTS

A Few Observations As The Days Roll By . . .

Reuben Senterfitt, former Speaker of the House of Representatives, has the ambition to be Governor of Texas.

As a matter of record, he has had this ambition for a long while. He announced for the job two years ago but quietly withdrew after Governor Allan Shivers said that he would run again.

Senterfitt is an ultraconservative. He was the Governor's right handman two years ago, and ruled the House with a firm hand.

It was very, very unusual for any candidate to get into the race this early. Perhaps this candidacy is merely a trial balloon, sent up by Senterfitt and his friends to see how the ground lies.

As far as this section of the state is concerned, we shall wait and see what happens during the coming months. Maybe the former Speaker will stay in the race; and maybe he won't. At least he will find out one thing for sure and certain, Texas is a big state and it costs a whale of a lot of money to make a race.

"Ford Workers Unhappy Over Contract," screamed a headline Wednesday morning. As a result of this unhappiness, many Ford plans were closed and workers went out on strike.

It is reported that the guaranteed wage is not exactly this, as it was first proclaimed, and this made the Ford workers pretty sore. They wanted to be paid whether they worked or not.

This would be a fine feeling of security. But what about the fellow who must hustle to get the money together to pay such a wage? He is the one who must be sure that he does not price his product out of the market, and a buyers strike would be the result.

Every person who buys a car these days will be paying tribute to CIO auto workers. So long as the money holds out, well and good. Some day the source of revenue may dry up and the Ford Motor Company will be left holding the bag.

Despite the Russian desire for peace, they don't mind shooting down an American plane now and then.

Talk to five people about your ailment and you will get five remedies but you will still have the ailment.

Those who expect to hear the truth during a political campaign evidently know little about campaigns.

The attack upon the public school system is aimed at the vitals of freedom of thought in the United States.

The commencement oratory is almost over and, somehow, the problems of the universe have not been solved.

Then there was the old lady who berated the traffic cop because his car was not marked. "It's unfair," she said.

After all, the republic is not going to the dogs, regardless of what happens to be the outcome of the political races.

The Pampa Spokesman announced Sunday that it was folding up.

The daily paper was founded in 1951 largely through spite for the Pampa Daily News. Two different groups have lost plenty of money attempting to keep the paper going.

Again we point out the fact that two newspapers cannot make a go of it in a one newspaper town.

We know little or nothing of the Pampa situation, but point out the fact that Amarillo was forced into consolidation at a time when few persons wanted the consolidation. The readers do not pay the bills, and therefore cannot be trusted to always speak their sentiments correctly.

Politics being what they are you can expect government to be what it is.

The modern world appreciates results but it is not interested in excuses, good or bad.

It might be a good idea for somebody to devise a plan to make the judicial processes available to every man, regardless of his ability to hire lawyers or pay court costs.

Here we go again with another Russian scare.

The world was led to believe that the Russians had been whipped in the recent Tito conflagration, but now we are told that this was just stage play with the stage being set to lull the West into a more favorable position.

We shall see what we shall see.

Provided, of course, that we keep our powder dry.

Director Conrad Wirth, of the National Parks, said recently so many Americans were using the parks that their use might have to become rationed in the near future. Wirth said the nation's parks handled almost twice as many visitors last year as they were designed to accommodate. Their annual capacity is estimated at 25,000,000.

This being the season when Americans head for these parks, it strikes us as unfortunate that an overcrowding situation has forced talk of rationing. We dislike the very thought of any type of bureaucratic controls over our national parks,

which belong to all citizens, and which should be open to all comers at all times.

The business of religion is getting so well organized that it requires the full energy of the faithful to keep the machinery moving.

Many wise men and women, in the years behind us, put their thoughts into words; you can find them in books if you have time to read a book.

The cry of socialism has been raised against practically every effort to persuade the governments of the world to do something for average men and women.

So long as the test of a man's worth is the size of his bank account, the world will lack much of being an ideal state.

Voters ought to have sense enough not to be influenced by false issues raised by candidates who are afraid of real facts.

If Canyon wants to grow, there is one sure way: make jobs available for the people who would like to live here.

The lack of morals among the youngsters, if it exists, is a reflection of a greater lack of morals among their elders.

The people of this country are able to govern themselves despite the belief of so-called experts that somebody must save the people from themselves.

We would favor a fee, or some other way of reducing the number of visitors rather than accepting the principle that use of our national parks must be strictly rationed.

Moreover, we believe Congress could find additional park acreage in certain spots where the overcrowding is most prevalent, even if it meant abandonment of acreage elsewhere, where overcrowding is not a problem. But what we do not want is controls over the free use of our national parks, controls administered by federal authorities.

As long as we can stay away from that, the parks will be what they were first intended to be, and they always have been, in the United States.

A free press is vital to the liberty of any people and when you see governments suppressing freedom of speech, you witness a government that is getting ready to rule without regard to the wishes of the majority.

Money will come up between friends and even this journal of news, etc., would like to hear from some of its friends.

Some people suspect their friends quicker than any one else and are ready at all times, to accuse them of unkindness.

Want to run for President?

The Democrats are looking for a candidate.

So are the Republicans.

It seems that very few men in this nation are willing to make the great sacrifice of being President.

It is a thankless job, to be sure, and one that few men are capable of filling.

One after another the leaders of the Democratic party have bowed out.

Republicans are in an even worse position unless President Eisenhower can be prevailed upon to accept the job for another term.

The book reading habit is a good one to develop if you have sense enough to select the right books.

The dry weather that ruins a farmer's crop will later cause dust to settle upon the merchants' shelves.

The world is full of ideas that are worth millions but is as hard to find the man who can put the idea into profitable execution.

There was a time when the railroads had pretty much of a monopoly of commercial transportation in this country. That era is gone—other carriers have been developed and have grown, and today transportation is a highly competitive enterprise. But does that mean that the importance of the railroads has diminished?

Some high government officials, who may be trusted to take an objective view, have given answers to that question. Here are a few such comments:

Secretary of Commerce Weeks said, "The railroads make up an indispensable element of the nation's transportation network which supports our production in peace and permits rapid expansion to meet emergencies."

Senator Humphrey said, "The economic strength of America still rests largely upon the railroads and we cannot afford for one moment to forget the vital role they play."

Interstate Commerce Commissioner Arpaia said, "Railroads are not on their way out; they are on their way up. This nation should be grateful that they are."

Under Secretary of Commerce for Transportation Murray criticized "outmoded and unrealistic regulatory policies" which "seriously impede railroad progress."

The role of railroads in our national life is greater than ever. So is the need for modernization of regulatory laws in order to permit all the carriers to best fulfill their functions on a fair competitive basis.

The trek of the statemen of the world to Washington can be explained by one word, "cash."

Oak Worms in Great Number This Year

AUSTIN: It's been a great year for the "oak worms."

The thick-set, 2-inch long caterpillars with the stinging hairs have been out in force in Texas this spring—notably central regions of the state. Curious youngsters see the crawling leaf-eaters on low hanging limbs of oak trees or on lawns, pick them up and get ugly looking welts for their trouble.

When mother notices the welt or rash, her first worried reaction is to seek advice from health officials on control measures. The reaction is the right one, for State Health Department entomologists know "oak worm" character from one end of its stubby chassis to the other.

Here's what they say about the caterpillar:

As is the case with immature

stages of several types of moths and butterflies, the oak worm has poison glands scattered over its body from which arise large, hollow spines.

The tips of the spines readily penetrate human skin and break off, liberating some of the poison. When this happens a serious rash may be produced—especially in children—resulting in systemic disturbances requiring medical attention.

People up East call these stingers "buck moths," presumably because they are most active in the fall of the year—during deer season.

Females deposit eggs on oak leaves and twigs, and occasionally on other trees and shrubs. The larvae get along very well together, frequently feeding in clusters.

In addition to their harmful effect on humans, the worms are economic pests in that they damage young foliage. After complet-

ing their larval development, they drop to the ground to transform into the harmless adult stage.

The caterpillars have chewing mouthparts and that's the thing that gets them in trouble, entomologists say. It means they can be controlled with most insecticides of the stomach poison type which can be purchased commercially.

Health department entomologists recommend lead arsenate applied to infested foliage at the rate of 1 ounce per 1½ gallons of water.

WISE

Elsie: "What kind of husband would you advise me to get, grandma?"

Grandma: "You just leave husbands alone and get yourself a single one."

Industry's 1954 earnings were the second highest.

BEEF BRIEFS

Recent rains have greatly improved crop conditions over Texas. In some areas the rains assured a crop. In other areas it will make possible planting of a crop.

The improved situation has called attention to the fact that Texas likely will have a big milo crop this year.

Farm leaders are advising Texans to look into the opportunities for feeding some milo to cattle and hogs this year.

It probably will sell at near the new low support price level, agricultural forecasts say.

The King Ranch, famous Texas cattle outfit, has attained a new degree of international fame.

The ranch's Centennial Conference last year, at which scientists from over the world gathered to discuss the breeding of cattle for unfavorable conditions, resulted in a publication on this subject.

The University of Texas Press published the book and great interest is reported from scientists in all parts of the world.

"Give Pop a real break," urges the Texas Beef Council in its merchandising of the national "Beef for Father's Day" program. "Be practical: please his pocketbook as well as his palate with tasty — but inexpensive — pot-roasts!" Restaurants, hotels and meat counters throughout the state are pledging support to the pot-roast push.

Some Texas dairymen are adopting a practice that has gained much popularity among dairymen in Wisconsin and other northern states.

They confine their cattle, cut the forage from the fields and deliver it to the lot, preventing tramping, assuring full use of all production.

G. R. Wittig of Fredericksburg will use a forage cutter in his sudan fields. He is using four acres of post oak land with ample shade for his holding pen.

Five varieties of wheat proved to be best for both production and milking qualities in tests conducted for 14 years at the Amarillo Experiment Station.

Westar, Concho, Comanche, Wichita and Triumph will best serve the needs of the area, reports Kenneth Porter, agronomist, who conducted the test.

Concho is a new variety, will be released to Texas certified seed growers this year.

Iowa State College researchers have just wound up a cattle feeding test in which the hormone substance, stilbesterol, was used.

These tests were conducted to see if the hormone affected the carcass quality of the animal. Iowa State says the carcasses of the hormone-fed steers were equally as good as those which did not receive it in a check lot.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Foreign Relations

The Senate has just passed the President's foreign aid program by a vote of 59 to 18. This calls for 3.4 billion dollars in new money to supplement the present unspent funds in the foreign aid program. I have been told from several sources that these unspent funds are in the amount of several billion dollars. The estimates vary from 2 billion to 12 billion.

This is a wide variance. The reason for the variance lies in the fact that it is very difficult to get the entire story on a subject from a bureau. You do not receive false information, but you receive only such information as will barely answer the question that you ask. This procedure is not very enlightening. Unless you know how to ask questions, you will end up with no information at all.

In any event, it presently appears that the 3.4 billion dollars in new money means that the foreign aid program will have available to it somewhere between 12 and 15 billion dollars. Part of this has been obligated, part has not.

While studying this foreign aid situation recently, I came across an article written by a prominent Italian journalist, which was originally entitled, "The Americans and Us." Actually the article undertook to explain the resentment that many Europeans have for America.

It was an excellent piece of work, and I wish I could print it in full. He points up that the many claims that Americans have on the gratitude of Europeans are obscured by one incurable defect in the Americans. That defect is the craze in Americans to improve foreigners, to make them kinder to each other, juster, richer and happier. He points out that good faith and honest intentions are such rare commodities on the European market that Europeans scarcely expect to find them anywhere else.

He further comments that the United States as a victor in a war which was declared by Italy, asked for no colonies and no commercial servitude, but on the contrary, accepted further taxation in order to aid the defeated. He says that the real trouble is: "The great inexplicable crime of the Americans is that they really are better than the Europeans." (Remember this is an Italian talking; not an American.) The article is very soul searching, and I repeat I wish I could make it available in full to all of you.

Concerning our foreign problems, it must be remembered that we also have the immigration problem, which has been in the news a great deal recently. No doubt, there are many, many foreigners who would give their eye teeth to come to America, and I might add that certainly as Christians, we would like to be of some assistance to them. However, we must face reality and appreciate the fact that the population recently passed the 165 million mark; that the United States is growing no larger in size.

Every time a person is born or a new immigrant enters the country, the size of the country shrinks to that extent. This simply means that Americans are reproducing themselves at a rate much faster than was anticipated even five years ago. It would seem to me that it would be much better if people who live in other countries would put their shoulder to the wheel to correct their own governments and try to bring to their own countries the things that we in America have. A much better balance on a world scale could be maintained.

The Public Debt

It is anticipated that the Administration will ask for a new ceiling on the public debt. It presently stands at around 277 billion dollars, which is a figure that is among the all-time highs in the public debt of this country. You will recall that Congress authorized an increase in the public debt authority to 281 billion on a temporary basis. (Incidentally, I voted against that increased authority.)

The debt will recede a few billion when corporation taxes come in, but will increase thereafter for several months. The Administration no doubt feels that they will need additional authority to borrow more money. Very little has been said recently about the public debt, probably because it has been increased rather than reduced, as the American people were told it would be. The Administration will have to make out an excellent case if they get the authority to increase it.

Harold E. Stassen, retiring foreign aid director: "The time when foreign aid was an emergency is a thing of the past."

News In Canyon 25 Years Ago

(Taken from the files of
The Canyon News of
June 12, 1930)

Six persons from Canyon were injured in an auto wreck, including Mr. and Mrs. Tom Gerald, Mr. and Mrs. Ed Gerald, Pat Gerald and Miss Lillian Donnell. Their car was hit by a Mexican from San Antonio.

Building permits totaled \$3,850 for the past three weeks.

State Senator W. H. Bledsoe of Lubbock withdrew from the race for Lieutenant Governor.

Boone McClure left for the University of Texas to complete work on his M.A. degree this summer. This thesis will be on the history of Randall county.

Dr. B. J. F. Laubscher, South African psychologist: "Scientific advancement, especially in medicine, has given us the 'narcotic age' as a complement of the 'atomic age'."

UNPREDICTABLE

On his 55th birthday, Thomas Edison attended a party given in his honor. "What plans do you have for the future?" he was asked. "From now until I am 75," Edison said, I will be occupied with my work. At 75, I intend to learn how to play bridge. At 80, I am going to gossip with the ladies, and at 85 I expect to take up golf. "And at 90?" he was asked. Edison shrugged. "I never plan more than 30 years in advance," he said.

John Foster Dulles, Secretary of State: "A series of small but perhaps significant signs suggest that the time may be nearing when those who have been seeking the conquest of freedom will in fact put their foreign relations on a more tolerable basis."

Thomas S. Fower, Lieut.-General, Commander of the Research and Development Command: "Qualitative superiority in material can assure our survival only if it goes hand in hand with qualitative superiority in men."

BULLDOZER SETS OFF BLAST

Brookshire, Texas. — When his bulldozer broke a natural gas pipeline, Garland Rhemann, 27, was killed in an explosion that shot flames 250 feet into the air. Rhemann was deepening a drainage ditch when the bulldozer blade hit the pipeline.

Henry Ford, II, head of Ford Motor Company: "By any realistic judgment . . . we must conclude that our social welfare measures have . . . strengthened our economy and contributed to our prosperity."

Walter F. George, U. S. Senator from Georgia, chairman, Senate Foreign Relations Committee: "No proposal Russia makes should affect our military efforts until we have had time to see some real change in the world situation."

Your Seal of Security

This seal means a great deal to thousands of your fellow Texans. It is the official emblem of the Capital Stock Property Insurance Industry . . . a business which helped to rebuild Texas City and Waco and which will help to rebuild this community if disaster ever strikes here.

But this seal is more than the emblem of strong, dependable companies. It also is the sign of an experienced, established Capital Stock Insurance Agent — agents who welcome the chance to serve you any day, any hour.

Perhaps you're involved in a fire, accident or other loss. Maybe you've acquired new possessions which need insurance. Or maybe you only need a free protection checkup.

In any case, remember the "Standard Protection" seal. Demand that your insurance be placed only with companies and agents qualified to display it.

Be sure when you insure. Call one of the following Capital Stock Local Agents:

High time you discovered the *difference* in Dodge!

New Dodge Custom Royal Lancer 4-Door Sedan—most beautiful car on the road today.

Next time you're driving around town, just notice the number of gleaming new Dodge cars you see on the street!

Then ask yourself: "What is it these people have found out about the new Dodge that's causing this landslide of popular favor?"

Part of it, of course, is the new Dodge styling. You can see at a glance how much bigger and more luxurious this car is—up to 9 inches longer than its competitors.

But the real story behind the rush to Dodge is

this: People are discovering the difference in the way Dodge cars are engineered and built!

They discover it in the solid, substantial feel of the car—the way it handles and rides. They learn to appreciate it in the deep-down goodness of every part and feature: Doors that don't rattle. Body joints that don't squeak. Windows that work smoothly.

There is really no substitute for the dependability that is built into Dodge. Isn't it time you discovered this difference for yourself?

Sgt. A. F. Roy Assigned Here Recruiting Officer

Sgt. Arthur F. Roy has been recently assigned as recruiting officer for this area with headquarters in Amarillo.

Sergeant Roy will be in Canyon every Monday from 10 a. m. until 2 p. m. for consultation with anyone interested in Army or WAC enlistment.

Anyone wishing information at any time other than the hours that Sergeant Roy will be in Canyon may contact him at his office at 212 East 7th in Amarillo.

He has been transferred to Amarillo from Ft. Hood. He has been in service for ten years, serving three and one-half years in the South Pacific and four years in Austria during World War II. He is a native of Springfield, Mass.

Accidents Rank High in Deaths In State Texas

AUSTIN: Accidents rank fourth as a cause of death in Texas. According to Dr. Henry A. Holle, Commissioner of Health, 5,372 Texans died last year of this one cause, while thousands more were crippled. There are no figures available on the number of days lost because of accidents, there can be no doubt but that it is tremendous.

Automobiles caused 2,519 deaths or 47% of the total. The dangerous curves and intersections on the highways in Texas are well marked and drivers can assist greatly in reducing accidents by carefully observing them.

Many accidents could be avoided if motorists would drive below the legal speed limits when tired, sleepy, in rainy weather and when other hazards exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying, but true, that those who drink should not drive.

Many deaths are caused by accidents in the home. A total of 650 deaths were caused last year by falls. In homes most of these fatal accidents occur on either outside or inside stairways. Of course, there are many other locations in the home where accidents can and do happen.

Disorderly housekeeping, poor furniture arrangement, slippery waxed floors, worn floor coverings, unanchored rugs, neglected repairs and dark or obstructed passageways are other fall hazards found in many homes. Short cuts and so-called time savers frequently lead to accidents. The time saved is insignificant compared to the cost and time lost from an accident. When everybody develops safety habits, accidents will not be "fourth" as a cause of deaths.

Farm Land Has Increased 3%

Farm real estate values in Texas rose three percent between November and March and two percent during the 12 months ending March 1, according to a U. S. Department of Agriculture report. Nationwide, the increase was one percent during the four month period and two percent for the year ending March 1.

Land values this March were above a year earlier in half of the states.

Records of farm sales show, according to the report, that from 40 to 50 percent of all land purchases in the wheat areas were made to enlarge existing farms. In the central Corn Belt at least a third of all purchases were for this purpose.

With many farms in these areas still below the optimum size for maximum efficiency, this type of demand can be expected to have a bolstering effect on the level of land prices for some time, the report suggested.

Bible Verse to Study

"Let your speech be always with grace, seasoned with salt."

1. What is the above verse warning against?
2. Who was the author of the above warning?
3. To whom was he writing?
4. Where may it be found?

BIBLE VERSE ANSWERS:

1. A warning against unclean speech, swearing or profanity.
2. Paul the Apostle.
3. The Christians at Colosse.
4. Colossians 4:6.

SO WHAT

He had taken his wife to her first ball game.

"What's so exciting, why are they jumping up and down?"

"Look," he exclaimed, "the Dodgers have a man on every base."

"So what," she scoffed. "So have the Giants."

Mr. and Mrs. R. D. Schmitt of San Francisco, Calif., visited last week with her sister, Mrs. Nina White.

Help Keep Canyon Clean!

MOTHER-IN-LAW CLUBS ARE ENTERTAINED IN COX HOME

Mr. and Mrs. G. W. Cox were host and hostess to the combined membership of the Canyon Mother-in-Law Club and the Palo Duro Mother-in-Law Club on the evening of June 9 for the annual picnic.

Mrs. H. C. Gentry was in charge of the meeting. Mr. Cox gave a welcome address. Bob Wear gave the invocation.

Inclement weather caused the bountiful picnic supper to be served buffet style in the spacious dining room of the Cox home.

Mrs. W. I. Wester introduced the program which consisted of several string instrumental numbers by the Caffer Corn String Band, composed of Bud Rusk, T. S. Furlow of Tulsa, E. C. Haws, Tony Rusk, and Arlie Green; piano numbers by Arlie Green and James Williamson; a reading by Jan Sue Williamson; a number of sacred songs sung by the group. As usual the highlight of the program was the motion pictures shown by Mr. Cox. These pictures include pictures of previous memorable meetings of the clubs.

Special guests from Amarillo were Mesdames C. C. Cunningham and T. H. Rogers and Messrs. and Mesdames A. Perteson and Frank Allen.

Members from Canyon present included Messrs. and Mesdames W. C. Clark, G. A. Tomlinson, C. R. Krutziger, H. C. Gentry, E. C. Penick, Ike Steen, G. W. Cox, G. B. Combs, E. C. Haws, T. S. Maxwell, Bob Wear, A. M. Cunningham, E. Gidden, George Barker, Arlie Green and Mesdames Florence Tondellat, I. W. Wester, C. W. Dunn, Addie Hefner, C. H. Stratton, J. C. Hutchison, Rae M. Walters, Mae Johnson, R. D. Lowry and Mary Burtz.

Troy L. Needham, EN3, who is stationed at Patuxent River, Md., is on leave visiting with his parents, Mr. and Mrs. Russell Thompson.

Mrs. Lewis Stringer of Dimmitt spent the week-end with her parents, Mr. and Mrs. E. Gidden.

Last week as we drove to a neighboring town we noted a cattle truck filled with horses. Soon we passed a car pulling one of those trailers just big enough to cram a horse into — and one was crammed into it. Presently we saw a pair of these torture devices, each loaded with a pretty bay. We didn't need the bunting and posters on Main Street to tell us a rodeo was about to take place.

On television the next morning, we saw a white horse trapped out in fancy harness, using his good horse sense to shake his head, bare his teeth and kneel, at the command of a foolish-looking cowboy

Now Many Wear FALSE TEETH With More Comfort

PASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little **PASTEETH** on your plates. No gummy, gooey, pasty taste or feeling. Checks "stale odor" (denture breath). Get **PASTEETH** at any drug counter.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: RACHEL THURMAN GREETING:

You are commanded to appear and file a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of July, A.D. 1955, at or before 10 o'clock A.M., before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

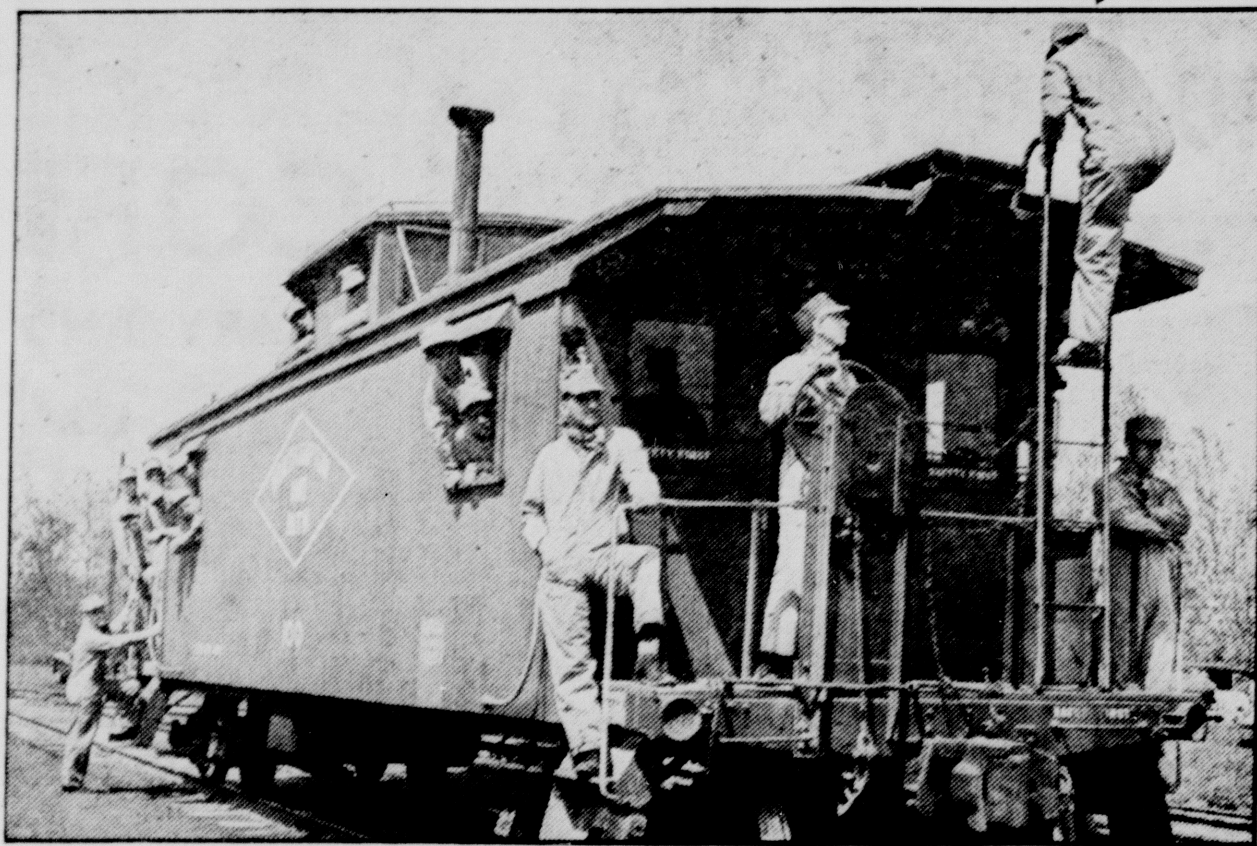

Said Plaintiff's petition was filed on the 24th day of May, 1955. The file number of said suit being No. 2944. The names of the parties in said suit are: FRED THURMAN as Plaintiff, and RACHEL THURMAN as Defendant.

The nature of said suit being substantially as follows, to-wit: A suit for divorce wherein Fred Thurman is plaintiff and Rachel Thurman is defendant, setting out as grounds therefor, desertion.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 24th day of May, A.D. 1955. Given under my hand and seal of said Court, at office in Canyon, Texas, this 24th day of May, A.D., 1955.

MAVIS HILL, Clerk, 47th Judicial District Court Randall County, Texas (SEAL) 714

WHERE'S THE ENGINEER AND HIS SIX FIREMEN?—Fifteen (count 'em—15) conductors and brakemen wait for the engine and the rest of the 22-man crew before making a run for the roundhouse at Northampton, Pa., on the seven-mile Northampton and Bass Railroad. Perhaps the most liberally staffed train in history, train crew was made up of 22 high school seniors who spent an entire day functioning in train operation and maintenance positions. Event was cosponsored by the railroad, Eastern Railroad Presidents Conference and Northampton high school officials.

crooner.

What has happened to the dignity of the horse?

Not too many years ago he furnished man's only means of transportation besides his own two feet (even those were called Shank's mares). When the first automobiles came along, they had such-and-such "horsepower." Horsepower is still the "gold standard" of the highways.

Yet in the last generation the horse has been displaced in the fields and on the streets. Today, at least in the United States, he is little more than a plaything. He appears in parades, polo matches, circuses and rodeos. A few well-to-do families keep a horse for pleasure riding. But if he travels any distance he is lifted off his four sturdy legs into a motor-drawn trailer.

Other domestic animals have held their own. The hog still furnishes pork; the cow, milk and beef; the sheep, wool and mutton. The dog, a psychiatrist before we knew the word, was and still is his master's alter ego, his loyal friend, silent confidante. But the horse has been reduced to the rank of a clown. It's enough to frustrate a less noble beast!

Dwight D. Eisenhower, in speaking of Big Four meeting: "There is no appeasement in my heart that I know of."

EDGETOWN H. D. CLUB MEETS

Edgetown Home Demonstration Club met with Mrs. K. E. Hines at 211 4th Ave. on May 27.

Mrs. Hines gave the opening exercises on the subject "Flowers." At roll call members displayed interesting buttons of brass, silver, gold and pearl.

Mrs. Frank R. Phillips gave a paper, "How to be a well-dressed woman for the slim or stout figure."

Members in attendance were Mesdames Phillips, Fisher, Sparks, Stratton, Hicks, Donnell, Walters, Robbins, Gentry, Foster, and the hostess.

Iced tea, sandwiches and chocolate cake were served at the refreshment hour.

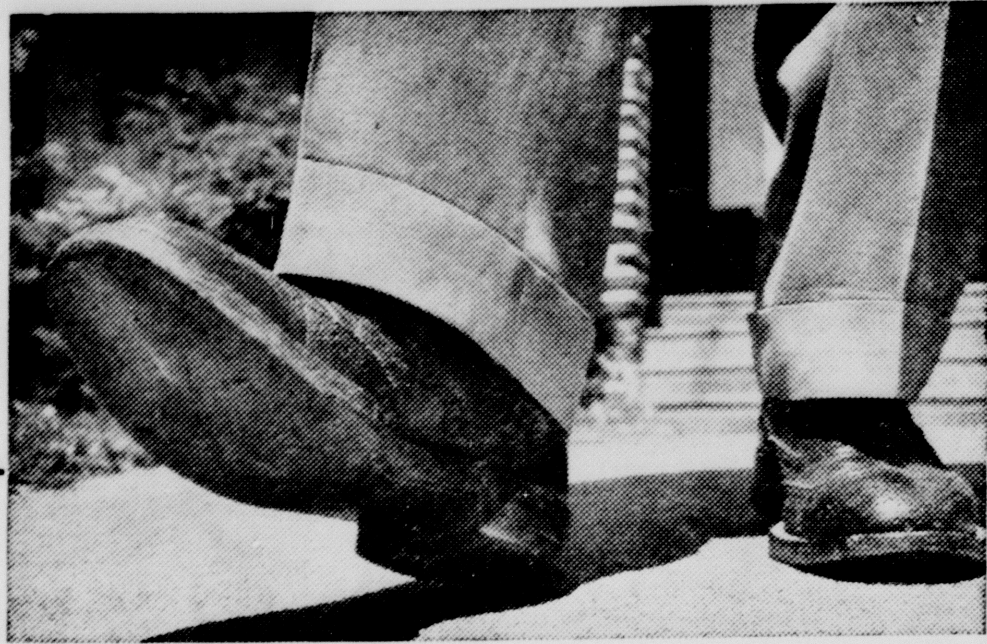

Mrs. Hines proved a gracious hostess. Members were taken over the house and viewed many interesting things.

The club meets with Mrs. Pat Stevens on June 10.

THUMBS WRONG CAR

Westmoreland, Cal. — Sentenced for drunk driving, Lee Colbath was put on a prison work gang. He was sent for some lumber and he kept on going. He started hitchhiking and the driver of a passing car — Westmoreland Police Chief Jack Farley — gave him a lift, right back to jail.

Buy, Build, Live in Canyon!

Whatever your business... here's a man who can help you get more

This man has made a special study of how customers choose between you and your competitors.

He's a Yellow Page Advertising Consultant—a good man to know.

He started training for his job by working on a survey of consumers'

buying habits, and he continues to make frequent surveys of all types of customers for all types of businesses.

This is just one of many ways Yellow Page Consultants are trained and equipped to:

- recommend where and how you should be listed in the Yellow Pages of your telephone directory;
- advise you on what selling points should be featured;
- help you with your Yellow Page copy;
- supply the help of experienced advertising artists at no extra cost;
- produce your complete advertisements, including engravings.

If you would like to take advantage of the knowledge and experience of these trained advertising consultants, call the telephone business office — today. You are under no obligation to follow their recommendation, of course. And there is no charge for this extra service to business telephone customers.

... BECAUSE IT HAS EVERYTHING IT TAKES TO MAKE A WINNER!

Here's the car which is breaking every sales record in Pontiac history. And here are some facts underlying that popularity — facts which might easily persuade you to join the happy thousands who are making the switch to Pontiac.

FACT 1—Pontiac's distinctive and exclusive future-fashioned beauty is bound to stay new for years.

FACT 2—Pontiac's Strato-Streak V-8 engine is completely new and it em-

bodies basic design advances that you'll be seeing in other engines of the future.

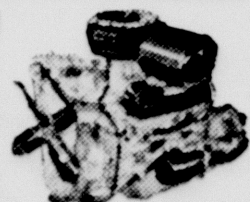

FACT 3—Pontiac's performance gives you tremendous power and quietness; flashing acceleration and smoothness; plus a wonderfully comfortable road-leveling ride based on adequate weight and a long 122" or 124" wheelbase.

FACT 4—(and the clincher)—Pontiac's power, size and superb beauty are combined with a price which makes this car

America's greatest value—by far! In fact, if you can afford any new car, you can afford a Pontiac! Come in **TODAY!**

There's No Power Like Strato-Streak Power!

Here is the heart of Pontiac's terrific performance—the all-new, ultramodern Strato-Streak V-8! This masterpiece of engine design will deliver up to 200 horsepower with Pontiac's low-cost, optional, 4-barrel carburetor. Come on in, take the wheel and see what Strato-Streak really means!

AUSTIN: Now that the legislature has adjourned — all eyes are turned to the next political campaign. It is anyone's guess who will be in the 1956 races, but many are guessing.

Hardly had the gavel of Lt. Gov. Ben Ramsey and House Speaker Jim Lindsey sounded the end of the 54th legislative session, when one widely known political figure took the adjournment as the starting signal for the 1956 races. He is former Speaker of the House Reuben Semler, of San Saba.

Semler was the first announced candidate for Governor in 1954. But he withdrew when his father passed away, and Governor Allan Shivers announced for re-election. He took no sides in the bitterly contested campaign

last year, nor in the presidential campaign of 1952.

Semler's announced intention to run in 1956 set tongues wagging about other possible contenders for the Governorship. Mentioned were Lt. Gov. Ben Ramsey of San Augustine, Atty. Gen. John Ben Sheppard of Gladewater, U. S. Senator Price Daniel of Liberty, Associate Justice of the Texas Supreme Court Will Wilson of Dallas, Commissioner of Agriculture John C. White of Watauga Falls, and State Senators Otis Lock of Luckin, Jimmy Phillips of Angleton, and Jerry Sadler of Pecos.

Labor publications have said that El Paso Yarnborough of Austin will make a third attempt to land the job. He campaigned against Shivers in 1952 and 1954.

Others talked as "possibles" include Mrs. Oretta Culp Hobby of Houston, wife of Ex-Governor W. P. Hobby, and present Secretary of Health, Education and Welfare; Roy Hoffman, mayor of Houston; Robert E. Anderson of Vernon, U. S. Secretary of Defense; and County Judge Jim Sewell of Corsicana.

Prospects appear strong that State Senator A. M. Alkin, Jr., of Paris will run for lieutenant governor if Ramsey does not seek re-election. Probably in the running for that same office will be Sen. Searcy Braxwell of Houston.

Mentioned frequently as a candidate for Attorney General is House Speaker Jim Lindsey of Tarrant.

Capitol talk continues on the subject that Governor Shivers may step out of office before the end of his present term to accept a high federal appointment. This rumor cropped up again after Shivers' first assistant, Maurice Acers, was appointed by the Governor to serve on the Texas Employment Commission.

Should Shivers resign, Ramsey would become governor automatically. He then would have the inside track in the 1956 campaign.

Waggoner Carr of Lubbock, third-term member of the House, emerged as the uncontested prospect for Speaker of the 55th Legislature. When the 54th session adjourned, Representative Carr held signed pledges of support from more than 100 members of the present legislature. No opponent had announced.

Sen. Neville Colson of Navasota, only woman in the Texas Senate, was elected President Pro Tem of the upper chamber for the period between sessions. This means that she will have an opportunity, under precedent, to sit in as acting Governor for a day. When this happens, she will become the second woman in Texas history to serve as chief executive.

Texas' first and only elected woman Governor, Miriam A. Ferguson, was honored with a birthday party by a statewide gathering of dignitaries.

Re-nominated and confirmed for new terms during the closing hours

of the 1955 legislature were Adjutant General E. L. Berry, for a third term, and Mark West, fire insurance commissioner, for his first full six-year term.

Session adjournment meant that the new tax law and hundreds of other statutes will go into effect on Sept. 5 or 10 days after adjournment.

Composed as one of the session's final acts was a law bringing 30,000 state employees under Federal Social Security as well as the state retirement system.

Another bill permitted college faculty members to enter Federal Social Security coverage.

Laws correcting and tightening up state regulation of insurance, increasing capital and surplus requirements on insurance companies, and supporting insurance re-insurance to state regulation, were termed probably the session's top achievements.

And the legislature left behind issues which promise to figure in state politics.

It projected investigations into the future on the scandal-ridden veterans' land program.

It failed to pass the key measure of the administration's water program — the \$100,000,000 state aid to local projects.

It left untouched the issue of school desegregation.

The water bond measure was killed by the clock at nine o'clock adjournment, in a bitter House squabble over the last method to finance it.

But Governor Shivers said the legislature achieved 85% of its task — "a good batting average."

It made notable progress, he said, in such fields as insurance reforms, hospital improvements, public welfare and health, safety and necessary financing for highways, old age pensions, education and general operations.

"On the whole," said Shivers, "this has been one of the best and most constructive sessions of the legislature in recent history."

It handed him a new bill raising \$22,500,000 a year for state operations and \$20,500,000 a year for highways.

Both the House and the Senate set up committees to continue the Veterans Land investigations. Investigating committees filed reports. The Senate committee said that Governor Shivers and Attorney General Sheppard, members of the Veterans Land Board, hadn't been too punctual in attending board meetings. But it said evidence showed they had no part in the mishandling of the program.

Despite all the hullabaloo over Governor Shivers' appearance in California to make the commencement address at the University of Southern California, and threats to boycott the exercises, an overflow crowd of 14,000 attended.

The Texas Legislature had condemned California's "intolerance" and defended the Governor's record.

Softball League Off to Good Start

After cold weather postponed last Thursday evening's opening session the softball league got underway Monday night.

In the first game Sternberg's bested Cooper's by a 14 to 2 score. Sternberg's scored 14 runs off six hits and 11 Cooper errors, while Cooper's had two runs off five hits and two opponent errors. Jerry Reynolds of Cooper's homered in the fourth. The only other extra base blow was a triple for Sternberg's by Ira Burgen, also in the fourth.

In the second game, which was called after five innings, Bellah's took Foster's 15 to 14. Bellah's had 15 runs, seven hits and committed 11 errors. Mike Poole contributed two long home runs while Louis Camp smacked a double. For Foster's Jerry Richardson's fifth inning homer was the only extra base hit. His team scored 14 on four hits while misplaying 10 times.

Thursday, June 16, Taylor & Sons will meet Foster's and Taylor-Evans meets Sternberg's.

On Monday, June 20, games will be Cooper's vs. Taylor-Evans and Taylor & Sons vs. Bellah's.

NEW BEAUTY SHOP

Mrs. Jewell Hannabas, formerly of Friona, has moved to Canyon and established the Powder Puff Beauty Salon. She is a graduate of San Jacinto Beauty School in Amarillo and worked for some time at the Orchid Beauty Salon in Amarillo.

Mrs. Hannabas is making her home at 1304 4th Ave.

HAVE ROADSIDE PICNIC

On last Wednesday 13 members of the Woman's Wesley Bible Class of the Methodist Church had a picnic dinner at the Roadside Park south of Canyon. In spite of the dust storm the party was a great success.

Mrs. Paul Letner and daughters, Dorothy and Marjory, of Roswell, N. M., visited their mother, Mrs. Bertha Rhoads, and sister, aunt, and uncle, Mr. and Mrs. Levi Cole.

Lowell Harrison In Talk at Rotary on International Work

Dr. Lowell Harrison was in charge of the Rotary Club program Tuesday. He discussed the work of his committee during the past year and the work that could be accomplished in the future.

Rotary is an international organization. We are a part of the world whether we like it or not. Rotary is one agency which always attempts to direct to thinking of people to international questions and aspects.

He asked which one of the projects undertaken the past year seemed to be most favorable. Bud Parker said that it was the French student, Dr. Charles Nester president-elect, believed that it was the name. He pointed to the fact that 110 applications have been filed for students, and Canyon's was number 103. It was possible that we would share a student for eight weeks with Hereford.

Frank Morgan stated that of the group to visit America last year three were now heads of governments.

Dr. Dudley Moore pointed out the bulletin board which had been established by Dr. Harrison and the information given.

The Canyon Rim carries a vast amount of information on Rotary International during the year.

Dr. E. A. Nesbitt believed that the representatives from Canyon to foreign nations this summer should carry a great message of friendship. He was of the opinion that Miss Florence Coffey could do a great deal for Rotary by visiting the clubs of Brazil.

The coming of Miss Jones to Canyon from Britain was a great inspiration during the past year.

Emil Myers of Amarillo pointed out the need of prayer on the part of every Rotarian.

Mr. Harrison closed the program by pointing to the fact that being a good citizen in your own town was the first fundamental to being a good Rotarian.

Fourteen visitors were present.

First Goller: "Confound it, sir. You almost hit my wife."

Second Goller: "Did I? Well, have a shot at mine."

Fairview Breezes

The workers' meeting at our church Thursday was well attended. We enjoyed the visitors.

S. A. Evans was brought home from the Fairview hospital Wednesday and is doing O. K.

Mrs. J. D. Prosser came from Amarillo Friday to care for her father, S. A. Evans, and her grandmother, Mrs. M. F. Evans.

Arlene Wesley went to Littlefield Saturday evening to visit with his parents, Mr. and Mrs. E. E. Wesley, and an aunt, Mrs. Lola Mae Jackson, and daughter, Delores, of Midwest City, Okla.

Darrell Wilson went to Muleshoe last Sunday where he stayed with his brother, Ervin, to work, but he phoned his parents to come for him Thursday.

Raford Shipman narrowly escaped having a serious heart attack while plowing last week. He was rushed to the doctor who administered treatment and told Raford to take things easy.

Gene Shipman is plowing this week for Raford Shipman.

Mr. and Mrs. Woodrow Wesley attended the funeral of Mrs. Magness at Happy Thursday.

Mr. and Mrs. Lacy Boyd of Odessa visited Wednesday night in the home of his sister and brother-in-law, Mr. and Mrs. Woodrow Wesley, and attended the funeral of Mrs. Magness Thursday.

Jack Langford has been at the farm here several days.

Bowie Wesley helped Gordon Foster with his farming several days last week.

Mr. and Mrs. Lee Green and two sons of Roswell, N. M., visited Saturday with his aunt, Mrs. M. F. Evans, and spent the night in the G. E. Wesley home.

Mr. and Mrs. J. W. Wesley, Mrs. H. H. Shipman and Nan Earley visited Saturday evening in the G. E. Wesley home.

Mrs. Georgia Rogers is suffering with a severe sore throat.

J. W. Wesley was in Canyon on business Tuesday.

Woodrow Wesley was in Canyon and Tulsa on business Saturday morning.

H. H. Shipman was in Amarillo on business Tuesday.

The home demonstration club will meet Friday afternoon with Mrs. Charles Sutton.

Georgia Rogers has been baby sitting with her grandkids while

TROOP 66 ATTENDS CAMP

Dudley Bayne, Eugene Blasdel, Larry Moore, Jerry Ham, Chuck Nester, Bill Cornette, Richie Brotherton, Bill Dreiss, Eddie Pettitt, Larry Brotherton, Bobby Joyner, Mike McAtee, and Dewayne Clay all members of Troop 66 left for summer camp on Saturday, June 4, and returned Saturday, June 11.

The boys ate in the mess hall where a totem pole and an onion were given for the cleanest and messiest tables.

They passed first and second class requirements, merit badges.

and rifle badges. They also built a monkey bridge and a tower. They learned about citizenship, nature, knots, rifle shooting, swimming, and handicraft.

A campfire was held Friday night. At this Bill Cornette was "tapped out" into the Order of the Arrow, an honor campers' organization.

Boys receiving rifle badges were Dudley Bayne, Eugene Blasdel, Larry Moore, Chuck Nester, Larry and Richie Brotherton, Bill Dreiss, Eddie Pettitt, and Bobby Joyner.

Betty Cummings of Amarillo spent the week-end with Gloria Ray Buchanan.

Just Between You, Me . . . and the Gatepost

By Lawrence Hunnicutt

Sometimes explanations are rather comical. This was the kind Deputy Sheriff Bill Wilson got last week from a man caught with more than 20 cases of beer in his car in Randall County. The man explained, "I was just planning a little party." What do you suppose he would get to transport his drinks if he was planning a big party?

Justice of the Peace Carl Anderson was sort of bracing for a new group of traffic violations and other offenses to occur during the long Fourth of July holiday. They had a number of such offenses Memorial Day which fell on Monday. The Fourth of July is the same type of holiday falling on Monday making it a three day week-end. Just about every time this occurs you can expect additional auto accidents and traffic violations.

Remember the old song, "June in January?" Some guy was in love and sang about how it was June in January when his lady love was around. Well last week the weather sort of turned this picture around and made it January in June by bringing a cold wave the likes of which haven't been seen around here since 1899, according to the weather bureau. Even though the cold wave attempted to turn the calendar back six months, the marriages went right on so June lost no prestige.

Sat in on a memory course session last week by Loyce Leonard. His book on the system was recently released in connection with his course. Mr. Leonard certainly knows his subject well and is very good at delivering memory lectures. For those who need a memory course Mr. Leonard certainly has something they can profit by.

The popularity of the Chamber of Commerce coffee sessions on every other Tuesday morning, is getting greater and greater. Chamber of Commerce President Truett Hull was hoping such a move would arouse some civic spirit and result in some good ideas for the town to follow. The next coffee session will be Tuesday morning in the American Legion Hall.

Judge Roy Joe Stevens was proud of the new flags recently purchased by the county and distributed about the court house. He has two flags for his court room and there is a huge 8-foot flag for the outside of the court house. The Judge explained that the district court room also had some flags and that one of them was a sort of extra special one purchased by Sheriff L. S. Johnston. You've probably noticed that there is quite a drive on now for all businesses and even private homes to have flags flying on national holidays.

Went by to visit John Brazzil, Randall County Farm Agent, last week and found that he had taken a group of 4-H Club boys to Texas A&M. It was the annual 4-H Club boys round-up.

Wonder how many people have had their car's windshield nicked,

VACATION TIME is almost here

Let us prepare your car for the occasion.

To assure you of a care-free trip — and for the summer drives, we will check your brakes, points, fan belt, pack front wheels, check exhaust system, radiator and tune motor.

We will give your car the attention as if it was our own — all this for a VERY REASONABLE AMOUNT.

cracked or broken by the loose gravel recently put down on the Palo Duro highway? There were many people who avoided the road as much as possible in order to get away from the hazard of flying pebbles. Road repair is quite a problem but it has to be done from time to time so we just sort of have to take the flying pebbles in stride.

Now here's a good question: "What's life without an occasional grin?" The grin is what should be provided in our joke department. They come already made up so you might call it canned corn.

Wisdom is knowing the difference in pulling your weight and throwing it around.

The wife was complaining to her husband because he was so changeable. "Why are you so wishy-washy?" she complained. Monday you liked beans, Tuesday you liked beans, Wednesday you liked beans and now on Thursday all of a sudden you don't like beans anymore."

Then there was the wife who said, "My husband will never chase other women, he's too fine, too decent — too old."

Wayside News

M. E. Counterman of Happy filled the pulpit Sunday morning as the new Methodist preacher had not arrived. Mrs. Counterman accompanied Mr. Counterman.

Mr. and Mrs. J. E. McGehee left last Monday for Alaska by car for a visit with their son, Jim Bob, who is in the service and stationed in Alaska.

Royce Tee Modisette and cousin, Carolyn Brawner of Amarillo, left Thursday by train to visit with their aunt and uncle, Mr. and Mrs. Burk in McAlester, Oklahoma.

Those enjoying visiting in the Roy Franklin home in Canyon last Sunday were Mr. and Mrs. Lowell Smith and Randy of Houston, Mrs. L. D. Bullard of Denver, Colo., Mr. and Mrs. W. R. Franklin, Wayside, and Mrs. Virgie Tucker of Canyon.

Mr. and Mrs. Dewitt McGehee have gone to near Logan, N. M., to look after their cattle there.

Mrs. Wiatt Heisler has word that her brother, Guy Carter of Pauls Valley, Okla., is quite sick.

Mrs. Melton McGehee attended the wedding of a niece, Miss Peggy Lemley, in Fort Worth June 12.

Mr. and Mrs. Melton McGehee entertained Mrs. McGehee's Sunday school class of young people Wednesday evening in the canyons with plenty of eats and lots of fun. Those enjoying the occasion were Jack McGehee, Darral Watson, Robert Kennedy, Mary Kate Denny, Sandy Tuggle, Jimmie and Leslie Adams, Odessa Whitten, Dale Bible, Patsy Schrib, and adults attending were Mrs. Charles Kenne-

Army Offers Interesting Enlistments

United States Army has many opportunities open now to both young men and women desiring to enter the service.

Branches of service in which they may enlist are infantry, artillery, armor, medical, finance, quartermaster, ordnance, transportation, and military police. The enlistee may select his branch of service.

High school graduates, men and women, may apply for a school of his or her choice before enlistment and be guaranteed that he or she will be sent to that school.

For the young men graduates there are 100 schools of highly technical training from which to make selection.

For the young women graduates wishing to go into the WAC's there are 50 highly technical schools from which to make a selection.

For prior-service and non-prior servicemen there is now an opportunity to enlist directly in the Third Army Division Gyroscope Unit at Fort Knox, Ky. This Unit is going overseas to Europe some time in 1956. Those enlisting in that particular unit will spend the entire three years in Europe.

Men or women with or without prior service may contact Sgt. Arthur F. Roy in Canyon on each Monday from 10 a. m. until 2 p. m. or at other times at 212 East 7th in Amarillo.

VARIETY RING MEETS

Mrs. Rae M. Walters entertained the Variety Ring on Thursday.

The president brought the thought for the day: "If you were another person, would you like to be a friend of yours?"

Roll call was answered with "Our Plans for the Summer."

Needlework was enjoyed during the afternoon.

Attending were Mesdames Dixie Harding, guest; Lyda Matsler, Margaret Cox, Mary Hutchison, Mae Johnson, Modena Barker, Margaret Cole, Eula Bee Harding, Estelle Rice, and the hostess, members.

Final meeting of the year will be June 16 in the home of Mrs. Gladys Pitt with Estelle Rice as co-hostess.

NONE LEFT

A teacher put a problem to his class: "There were 13 sheep in a pen and seven jumped out; how many were left?"

One of the boys said, "None, sir," and when the teacher rebuked him for his deficient arithmetic and told him he knew nothing about figures, the boy's reply was, "Sir, you know nothing about sheep."

Dr. Ralph E. Lapp, atomic scientist-author, deploring secrecy on H-bomb fall-out peril: "A nation cannot afford to be uninformed in the age of unlimited destruction."

dy, Mrs. Guy Watson, Mrs. Robert Adams, the hosts and hostess.

Mrs. Willie Modisette, Marian and Fay, are spending a few days in the Artie Brawner home in Amarillo.

Mrs. Bessie Lane, Mrs. Aline Adams, Mrs. Bertha Mahler and Mrs. Laura Hill took lunch and

spent the day Wednesday at Buffalo Lake. They went to do some sketching but the wind hindered their work some.

Mrs. A. J. Newsom and baby daughter, Wynona Kay, were brought home from the hospital Tuesday. Mrs. Newsom's mother, Mrs. Annie Campbell of Orange, is caring for the new granddaughter.

Jess Wertenberger of Claude had the misfortune of getting hurt while crossing the Palo Duro Canyon Monday with a Ferguson tractor trailing a pick-up. The tractor turned over pinning him underneath. He suffered severe cuts about the face and head. He had been working on the roads on this side of the big canyon. Wiatt Heisler found him and he and Guy Watson rushed him to Neblett Hospital in Canyon where he is recovering satisfactory.

Mr. and Mrs. E. C. Franklin left Friday for Durango, Colo., to visit their daughter and family, the Bob Bruners.

Mr. and Mrs. E. C. Franklin have accepted the position as teachers of the Wayside school for another year.

COLE & MOORE

Evils of the narcotic traffic are being forcefully described in Washington this the second week of the Senate hearings.

As chairman of the Senate Judiciary subcommittee to investigate the narcotics problem in the nation, it falls my lot to conduct these hearings. This is the first time that a nationwide investigation has been made of this vicious traffic which causes so much misery and death. It is truly a multi-million-dollar traffic. Our first witness, Harry J. Anslinger, Commissioner of Narcotics, estimates an annual expenditure of some 300 million to 400 million dollars by the nation's 60,000 drug addicts, and he says that much of this money comes from thefts, robberies and other crimes committed by the addicts in order to buy their dope. Anslinger is the world's foremost authority on the drug problem, having served as head of the Narcotics Bureau since it was organized, and he also represents our country on the United Nations Commission on Narcotics.

Texas Faces Problem

Due to much publicity recently about narcotics traffic in Texas, it was heartening to find out from Mr. Anslinger's figures that our State is making progress on arrests and convictions of these law violators. The problem is still bad enough, with our State ranking 7th highest in the nation in the number of drug addicts thus far reported and 6th in the number of narcotic and marijuana arrests. Encouraging is the fact that Texas is 4th in the number of convictions.

Texas officials have reported 771 drug addicts during the past two years as compared with 9458 for New York, over 7000 in Illi-

nois, 2350 in California, 1229 in Michigan, 887 in the District of Columbia, and 785 in Ohio.

During 1953 and 1954 Texas had 1465 narcotic and marijuana convictions as compared with over 6000 each for New York and California and over 3000 for Illinois.

Four Texas Cities Affected

Bureau of Narcotics reports show four Texas cities to be among the top 45 cities in the nation in narcotic and marijuana arrests and convictions. Houston ranked 11th in the nation, with 647 arrests and 179 convictions. San Antonio was 18th with 292 arrests and 226 convictions. Dallas was rated 21st with 248 arrests and 85 convictions. Fort Worth was 38th with 69 arrests and 51 convictions. As serious as these figures may be, they are far below such cities as Los Angeles with over 12,000 arrests and 4,000 convictions, New York City with over 8,000 arrests and 6,000 convictions, Chicago with over 6,000 arrests and 3,000 convictions and Detroit with over 3,000 arrests and 430 convictions.

Canadian Senate Committee

Senator Tom Reid of Canada, chairman of the Canadian Senate's Narcotics Committee, consulted with us last week and sat with our committee at the opening session. It is a coincidence that the Senates of these two countries should be investigating the narcotic traffic at the same time. On the other hand, it should not be surprising, because our countries have the same problems in combatting the illicit traffic in narcotic drugs. International gangsters are supplying retailers in both countries from the same sources.

The necessity for correction of the present situation becomes more obvious as additional facts are brought out. This is especially true in view of the uncontradicted statements that the main source of narcotic drugs which appear in the United States and its neighboring countries is Communist China. In purchasing drugs the addict is not only degrading the moral fiber of our own nation but at the same time is sending dollars necessary for the build-up of our enemies straight to the Communists.

Release of Communist-held Flyers

It was good news last week that four of the American servicemen being held by the Communist Chinese were released. However, there are others still being held in Communist prisons. Every means should be used to obtain their release. So long as world tensions make it necessary for the United States to continue to draft our sons for service in the armed forces of our country, we should afford them every protection which this government can extend. We would like to see stronger measures taken to secure the release of the Americans held in prison in Communist China and have urged this to President Eisenhower and the State Department.

Bible Verse to Study

"But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting."

1. Who wrote the above prophecy?
2. Of whom was he speaking?
3. When did his prophecy come to pass?
4. Where may these words be found?

BIBLE VERSE ANSWERS:

1. The Prophet Micah.
2. Of Christ.
3. At his birth in Bethlehem.
4. Micah 5:2.

The stars shall fade away, the sun himself
Grow dim with age, and nature
Sink in years
But thou shalt flourish in immortal youth,
Unhurt amidst the war of elements,
The wrecks of matter, and the crush of words. —Addison.

Still seems it strange that thou shouldst live forever?
Is it less strange, that thou shouldst live at all?
This is a miracle, and that no more. —Young

He ne'er is crown'd
With immortality, who fears to follow
Where airy voices lead. —Keats

Latest Rumors From Political Front of Nation

Adlai Stevenson, defeated presidential nominee of the Democrats in 1952, gave personal inspiration to the stories, coming from his friends, saying he would be glad to run again in 1956 if nominated. Mr. Stevenson's candidacy is coming out into the open early.

Top-ranking Democratic Senators from the South, very cool to Mr. Stevenson in 1952, are in many cases prepared to back him for the nomination next year. They explain that, in private, Mr. Stevenson is less of a New Dealer than some of his friends indicate he is.

With Adlai Stevenson now being listed as the "highly probable" Democratic candidate, pressure will build on Mr. Eisenhower to make known his intentions prior to the March, 1956, date that his friends say he has in mind.

President Eisenhower is acting to nip the beginning of a move among some Republicans to sidetrack Richard Nixon for either first or second place on the Republican ticket in 1956. Ike is indicating clearly that he will want Nixon in second place on the ticket in event of an Eisenhower draft next year.

Earl Warren, Chief Justice of U. S., again is impressing politicians of both parties as a real master in the art of politics. The Chief Justice shaped the Court's direction and provided the words that seem to satisfy both Southerners and Negroes in laying down a policy to guide an end to segregation in the public schools.

Republican politicians of importance are saying that it will be difficult for Chief Justice Warren to resist a draft movement in 1956, regardless of his professed position, in the event that Mr. Eisenhower at the last minute should insist upon retiring after one term.

Mr. Eisenhower is going to be meeting with a Russian stooge, and not with the man at the so-called "summit," when he confers next month with Nikolai Bulganin, Russia's Premier. Marshal Bulganin, on parade in Yugoslavia, turned out to be no more than a handy man for Nikita Khrushchev, Secretary General of the Soviet Communist Party, who ordered him around in almost every situation.

Big cuts being made in funds to police trade in strategic goods with the Communist empire are being interpreted as a sign that President Eisenhower is getting set to lower the barriers to this trade. A White House aide expresses it this way: "If we are making headway with the Russians, we may use trade as a tool."

Konrad Adenauer, Chancellor of Germany, is prepared to suggest to President Eisenhower that he maintain great firmness in any future dealings with the Soviet Union, and not start a soft line at this time. The German Chancellor feels that the Communists of Russia are leading from weakness, not from strength.

Some close friends of President Eisenhower are beginning to suggest that maybe, after all, the United States may bear some of the blame for the "cold war," along with the Russians. The idea seems to be that new concessions may be in order from this side of the Iron Curtain.

Youths from East Germany, averaging 150 a day, are escaping to the West to avoid conscription into the Communist armed forces.

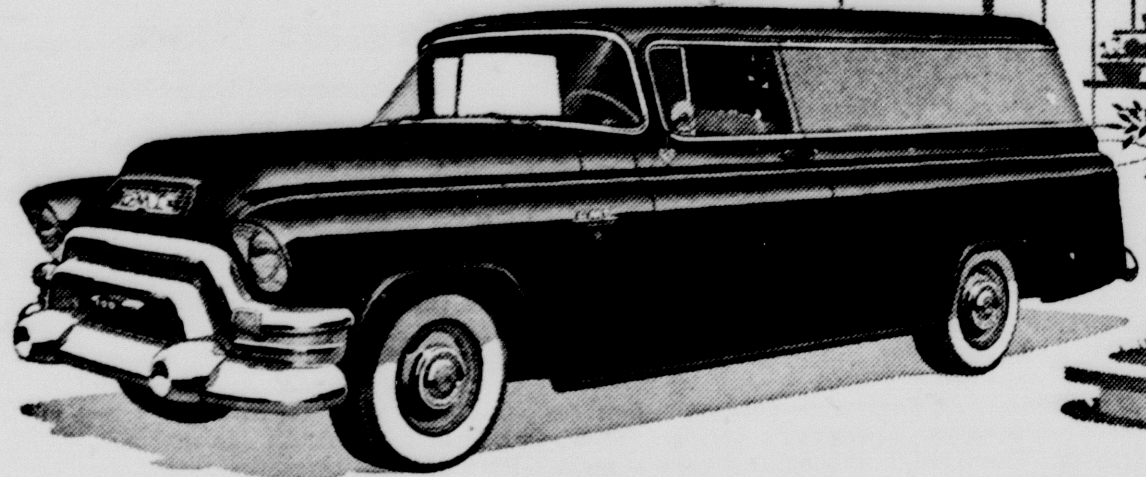

A diplomat of Communist China, in Europe, had this remark to make about the Russians: "The tragedy of the Soviet Union is that it is too red for the West and too white for Asia."

V. K. Krishna Menon, Indian diplomat, who plays closely with the Communist countries, is being viewed with intense suspicion by some American officials as he busies himself in the field of American prisoners held by Chinese Communists. The feeling is that Menon is up to some game designed to put this country in a bad light if it refuses to make important concessions to the Communists in exchange for prisoners.

An American diplomat who deals with the Russians says that a "neutral" is defined by the Communists in this way: "Anybody who is not for me is against me. A 'neutral,' therefore, must be somebody who is for me."

President Eisenhower's advisers on defense policy for U. S.—the National Security Council—underestimated the development of Russian air strength by about two years. This group had advised that Soviet power would be at its present level not before 1957.

The President is letting White House aides know that, in his opinion, the ideal attitude to take in dealing with newspapermen is that of his former aide, Robert Cutler. Mr. Cutler simply refused to discuss matters with reporters, tell-

PRESENTS INTERESTING FACTS ABOUT TEXAS

TEXAS UNDER SIX FLAGS

The overthrow by Cortez of the Aztec Empire in 1520, marked the beginning of Spanish Dominion over Mexico and the province of Texas. In 1685 La Salle landed in the vicinity of the present Lavaca Bay and founded a short-lived colony of a few hundred Frenchmen. France abandoned her claims to Texas after the war of 1719. In 1821 Spain's sovereignty over Mexico and Texas was overthrown and the red, green and white flag of the Mexicans flew under Texas skies. On April 21, 1836, General Sam Houston defeated Santa Anna at San Jacinto. This battle terminated the war and gained freedom for the Lone Star Republic. On December 29, 1845, Texas proudly took its place as the twenty-eighth State. The Southern Confederacy, 1861-1865.

"Happy is he who believes in his fellow." It is better to be deceived in some things than to be suspicious in all things. The foundation of this bank rests upon The Faith We Have In You and The Faith You Have For Us.

PRICE GROCERY

ACROSS FROM HIGH SCHOOL

Around the Town...

(By Mrs. Clyde W. Warwick)

Mr. and Mrs. Hugh T. Greiner, their twin sons, Hugh and George, who are sophomores in WTSC, and their son, Stephen, who is 11 years old, completed their home and moved into it last November. Somehow I overlooked it. The house is a red brick with white trim and a white roof. The entire north side of it opens together into a living room, dining room, and den, divided by cabinets half way to the ceilings. It has three large bedrooms, two baths, a utility room and a kitchen, besides numbers of large closets. An interesting thing about the house is that Mr. and Mrs. Greiner and their three sons built most of the house themselves. They had started the foundation when Mr. Greiner decided to go to Oklahoma A. & M. College at Stillwater, Okla., and finish work on his M.A. degree. When they returned after two years they started to build their house. They had drawn their own plans and did all the building except the finishing work, the brick work, and putting the shingles on the roof. Mrs. Greiner was working in the office of the First Baptist Church while they were building it and she said they would work nearly every night until 10 o'clock and sometimes later. She said she didn't see how they did it but they are all glad now they did.

Mr. Greiner is superintendent of the heating and water systems of the WTSC.

They are working now getting their lawn in and planning the planting of their yard.

Mr. and Mrs. Tom C. Gooch and Mr. and Mrs. B. J. Peggram of Kim, Colo., were in Waco to attend the graduation of Tommie Gooch, son of Mr. and Mrs. Gooch and brother of Mrs. Peggram. Tommie graduated from Baylor.

The city commission of Miami, Fla., issued a proclamation urging citizens to pray one minute for peace every time the city's civil air defense siren blows at 1 p. m. Saturdays. They acted on a suggestion from Mrs. Fay High, a housewife.

I did not realize there was so much bind-weed in Canyon until my attention was called to it. There are lots of it growing on the curbs. In case you do not know bind-weed, it is that small vine that has a small white or pink bloom in the morning. Like morning glories, the bloom closes after noon. There is a new poison on the market now that will kill bind-weed and it should be used. I am told bind-weed will soon kill soil where it grows.

I like this on the bills sent out by Southwestern Public Service: "I suggest that: Just for fun, you Divide this bill by The jobs I've done."

Mrs. Paul Lentner and her two daughters, Dorothy and Marjorie from Roswell are visiting her mother, Mrs. Bertha Rhoads, and her sister, Mrs. Levi Cole.

It's Vacation Bible School time. Most denominations in Canyon will offer children of their churches specialized instruction in the Bible and the Christian way of living.

Vacation Bible School is a sort of concentrated Sunday school in which the children from kindergarten level through grammar school learn crafts and Biblical knowledge. They learn how to work together on special projects which emphasize the presence of God in daily lives and tasks.

The women who are conducting these schools are due much credit. They are all busy women who feel the need of teaching little children to grow in the wisdom, stature and grace of God is of vital importance and so devote their time to this task of making better Christian citizens of our youth regardless of their personal sacrifice.

The deep and abiding good which comes from these schools is of benefit to parents and children, and even to those who do not have children enrolled in them. For it is the principles these children are taught that secure our country against godless doctrines. Here is laid the foundation of Christian living upon which our nation was founded and upon which its future depends.

Bob Wear, minister of the Church of Christ, has this to say in his column, "Abundant Living," in The Amarillo News. "The pressure that is making so many people so miserable and lessening their efficiency could be relieved if they would find their satisfaction in doing their best and not be constantly endeavoring to excel everybody else."

And now 'they say' there will soon be a new refrigerator on the market that will open at both the front and rear, and as if that isn't enough it will have a device to crisp crackers and potato chips.

And with more and more frozen foods coming along there is a new appliance that at the touch of a button will send a package of frozen food into a thawing and

heating chamber, thereby delivering the food ready for serving at the table in a matter of minutes. Even the package in which the food comes in will be attractive enough to serve from thereby eliminating a cooking disk and serving dish.

And there are new cooking units which provide more exact temperature for frying, boiling, grilling and baking every imaginable delicacy for the table. It does look like science is endeavoring to eliminate the housewife.

They even advertise a new contour sheet so easy to put on that even a man can put it on.

Another instance of double meaning of our language. A man went into a grocery store and asked for a chicken. "Do you want a pullet?" he was asked. "No," he said, "just put it in a sack and I'll carry it."

The Garden Club met in the home of Mr. and Mrs. Clyde Warwick Thursday at 7:30. Roses were discussed. The best type for this country, their culture, and treatment was analyzed. The Floribundas and Grandifloras were discussed. These two new types of roses that are easily cared for, bloom from early spring to late fall, make a spectacular show in the garden, and also furnish abundance of cutting flowers for bouquets. They have proved themselves almost free from diseases and are being preferred by many people for hedges.

Dudley Bayne was present and discussed the problems of the new Park, asking the club to cooperate in beautifying the park. It was voted unanimously than all members of the Garden Club be a committee to assist with the park.

The next meeting of the club will be held July 14 at the home of Mr. and Mrs. T. A. Black.

Major Fred Hart, son of Mr. and Mrs. Silas Hart, is located in Weisbaden, Germany. He, his wife and their three year old son went to Holland to see the celebration in honor of Queen Juliana's birthday.

Mrs. Hart writes about it to Mr. and Mrs. Hart. She says the floats were too beautiful for her to try to describe. The homes were decorated with flowers. They had used the petals of the flowers and worked out different detailed designs with them. Some were advertisements and others lovely pictures. Mrs. Hart said the little girls all wore orange hair ribbons in honor of the House of Orange, and that all along the highways children and adults sold lovely tulips and jonquils, and that all the cars and bicycles were bedecked with these lovely flowers.

They visited the Kenkenhof Garden where the lovely tulips are raised and the greenhouses where the unusual tulips are growing. She said the tulips grew as high as your waist and some higher. There were tulips of many shapes, one star shaped.

Mrs. Hart said the tulip fields were breath-takingly beautiful. The hyacinth fields were very lovely especially the baby-blue, pale, pale pink and the vivid purple. They saw red, yellow, red and yellow, pink, white, dark purple (almost black), lavender, orange, and a thousand mixtures of colors in the tulip fields.

Mrs. Hart visited the antique shops and the flea markets where she says they sell nearly everything. They spread their wares out on the ground, and, she says, you have never seen so much junk in all your life. There are some bargains to be had. She said she had never seen so much brass and copper, and that the Americans go crazy over it. In one shop all the wares were hung from the ceiling and as you walk around you bang your head on them.

The Harts went to the Bali Restaurant in Scheveninger on the North Sea and ate a rice taffel dinner. Mrs. Hart says you first put rice in your bowl and then there are about 30 dishes on the table which you take a little of and pile on top of the rice. She said it was good. The Indonesian waiters wore scarves (turban style) on their heads and there was "lots of atmosphere."

Mrs. Hart said Holland, the celebration, the tulips, hyacinths, jonquils and other flowers were so much more beautiful than she could describe that they would send colored slides of them home. Thank you Mr. and Mrs. Hart for sharing this letter with us.

"Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted." —Galatians 6:1.

THE REASON Minister—I am glad to see that you come so regularly to our evening services, Mrs. McSwish.

Mrs. McSwish — Yes. You see, my husbands hates to have me go out in the evening and so I come just to spite him.

National Airlines plans to offer 16-day excursion flights.

8. What is the State religion of Mexico?
9. What is the speed of the world's fastest jet aircraft?
10. Who is the present Postmaster General?

The Answers...

1. William McKinley.
2. Hailie Selassie, Emperor of Ethiopia.
3. November 1, 1952.
4. On Eniwetok Island, in the Pacific.
5. In the Spring.
6. According to 1954 statistics, the United Automobile Workers.
7. Approximately 20,000,000.
8. Catholic.
9. The fastest jet aircraft in the world is the F-100, with a speed of 755 m.p.h. at sea level, according to the Defense Department.
10. Arthur Summerfield.

Audubon Society Will Meet in Palo Duro Canyon

Floyd V. Studer, member of the board of directors of the Texas Panhandle Audubon Society, will speak to members and guests of the Society on the "Geology of the Palo Duro Canyon" on Saturday, June 18. The meeting, which will give opportunity for field observation and study, will begin in Coronado Lodge on the upper rim of the canyon at 2 p. m. There, Mr. Studer will present a resume of the geological formations as well as discuss certain objects housed there in the museum.

Mr. Studer, more than any other person in the Panhandle, has lived in and explored the region. His avid interest in archeology and in the collection of artifacts has helped develop the Panhandle-Plains Museum into one of the outstanding regional museums of the world. At present Mr. Studer is vice-president of the Panhandle-Plains Historical Society and is its curator of archeology. Currently he is president of the West Texas Geological Society, and is a member of the Rose Society of Amarillo.

His talk is a "must" to persons interested in the subject. The Panhandle Audubon Society cordially invites you to attend this open meeting.

BROADLY SPEAKING

Miss Visits — Don't you think that traveling brings out all that is in one?

Sea Captain — Yes, indeed, especially ocean travel.

I swear I think there is nothing but immortality. —Walt Whitman

WARWICK'S

YOUR SENATOR REPORTS

By LYNDON B. JOHNSON
U. S. Senator

Development of Texas water projects costing up to \$10,000,000 for irrigation and other purposes would be given a boost by enactment of a bill Senator Lyndon B. Johnson is now supporting in the United States Senate.

The bill proposes to permit the Federal Government to aid local communities, acting through proper organizations, in financing these projects. The local irrigation and water districts could secure Federal loans up to \$5,000,000 on projects costing not more than \$10,000,000.

Local interests would be required to finance the difference between \$5,000,000 and the total cost of the project. Loans would be repayable over a 50-year period. If a community organization can qualify, some part of the sum needed for a project might come in the form of a grant from the Federal Government.

"I am supporting this bill," Senator Johnson said. "I think its enactment would be a good thing

for Texas. It would be an important step in helping Texas communities to advance toward a solution of their water problems."

"The legislation is in some respects supplemental to the upstream flood prevention law," the Senator said. "In addition to its irrigation features, it would make funds available to municipalities to capture water for domestic use under the same general rules."

A similar bill already has passed the House of Representatives.

EXPLAINED

She — Sometimes you seem so manly and other times absurdly effeminate. Why is it?

He — Heredity. You see, half my ancestors were men and the other half women.

SNAPPY COMEBACK

"Young man," said the employer, "do you save 10 per cent of what you earn?"

"No, sir," said the bright young man. "My whole salary is not that much."

NO USE TO FEAR

"But, dear, if we do take the trip, suppose an iceberg hits our ship?"

"Why, the iceberg would go sailing along as if nothing happened."

"Ah, that's a relief."

RIGHT!

One more step and there'll be trouble!"

"Oh, yeah? Well, that sounds like a step in the right direction to me."

DOUBLE STAMP DAY EACH TUESDAY

Harp-Doshier Vows Read in Santa Fe

MR. AND MRS. CARROLL C. DOSHIER

The chapel of the St. John Methodist Church in Santa Fe, New Mexico, was the setting at 8 p. m. Saturday, June 4, for the wedding of Miss Alice Harp, daughter of Mr. and Mrs. Guy Harp, Canyon, and Carroll C. Doshier, son of Mr. and Mrs. Forrest B. Doshier, Amarillo.

The Rev. Thomas H. Raper read the double ring vows before an altar banked with baskets of white gladiolus, stock and baby's breath. Prelude of traditional wedding music preceded the wedding march.

Miss Janet Mardis of Lovington, New Mexico, only attendant to the bride, wore a powder blue linen suit with navy accessories. Her corsage was a Cateleya orchid.

George Doshier, brother of the groom, from Vega, served as best man. J. T. Harp, brother of the bride, of Canyon, and James Harley Gunter, brother-in-law of the groom, from Claude, were ushers.

Given in marriage by her father, the bride wore a navy suit of imported silk with white linen piping. Her accessories were navy and white. She carried a white Bible topped with a white Hybrid orchid. The old tradition of something old, new, borrowed and blue and a penny in her shoe for luck was carried out.

Mrs. Harp, mother of the bride, wore a charcoal grey linen suit with black and white accessories. Her corsage was white carnations.

Mrs. Doshier, mother of the groom, wore a grey silk suit with mauve accessories and a white carnation corsage.

Following the ceremony the bridal party was feted with a reception in the parlor of the church. The bride's table was laid with a white linen embossed cloth and decorated with a centerpiece of stock and carnation in the color scheme of blue and white. Blue candles and the beautifully decorated three-tiered wedding cake completed the table decor. Fruit punch was lauded by Mrs. George Doshier and Mrs. J. T. Harp served the cake. Mrs. James Harley Gunter registered names in the guest book.

The couple left immediately for a short wedding trip. Since June 10 they are at home at 1203 A. West 11th, Amarillo.

Mrs. Doshier is a graduate of West Texas State College and has been teaching in the Lovington, New Mexico, Municipal School System for the past six years.

Mr. Doshier is also a graduate of West Texas State. He is district manager of American United Life Insurance Company with offices in the Amarillo Building, Amarillo.

DRESS DESIGN AND FABRICS STUDIED BY CLOVERLEAF 4H
Wayside Cloverleaf 4H Club met Tuesday, June 7, at the school house at 9 o'clock with Mary Scroggins, president, presiding and Patsy Schrib leading the 4H ritual.

Miss Lill, county demonstrator, talked about dress design and fabrics. The girls are selecting their patterns and fabrics for the sewing school which will be conducted in July.

Mrs. Heisler and Mrs. Rogers, local leaders, were present. Members present were Mary Scroggins, Patsy Schrib, Polly Cummins, Nancy Schrib, and Frances Heisler.

County Camp will be held June 14-15-16 at Pampa.

Next meeting will be June 21st at the school house at 9 o'clock.

REBEKAH LODGE MEETS
When the Canyon City Rebekah Lodge 350 met June 8th in the regular session, vice grand Mae Johnson presided as noble grand in the absence of Mrs. Velton Sorger.

Mrs. Wester and Mrs. Dickinson gave reports from the Odd Fellow and Rebekah joint meeting in Amarillo.

On June 22, visitors from Amarillo will attend the local chapter meeting. It is urged that all members be present if at all possible.

Mrs. Mae Johnson and Mrs. Charlie Stratton served ice cream and cake at the refreshment hour to Mesdames Sparks, Murphy, Brasuel, Bond, Wester, Dickinson, and Miss Columbia Redfean.

AMITY CLUB TO MEET
The Amity Club will meet Friday afternoon at 2:30 o'clock in the home of Mrs. R. E. Gill.

Advertising Compiled by C. M. Couchman

DEAF SMITH COUNTY ELECTRIC CO-OP

Located on Highway 60 at Whittier Street
East 1st—Hereford, Texas
Phone 166

As one of the leading establishments of its kind in this section of the country, the Deaf Smith County Electric Co-Op has been a dominating element in the progress of the community. Being one of the first to realize the importance of electric service, it is a greater convenience to the isolated resident and those living in the small communities, for by its perfection the country home is given the same satisfactory convenience as the city dweller. Since REA really does not give anyone electricity, it loans individual localities the necessary funds to make possible for that locality to serve itself with electricity. The people of each vicinity organize and form a cooperative organization, then request a loan from REA for constructing lines in their respective area. Every person receiving electricity from the Co-Op is a member owner of the Co-Op.

Many farmers have realized the added profits this service makes possible for them as well as raising their living standard and making their farm living more pleasant and enjoyable. In this community as well as in others the Deaf Smith County Electric Co-Op has made its mark in the progress of this section of the state. There is no reason why the farm home of today cannot be as modern and beautifully equipped with their modern electric equipment, that is enjoyed by her city sister.

With the ever-growing demand for electric services, the Deaf Smith County Elec Co-Op is gaining in popularity, because of the excellent services they render along these lines. The people of Hereford, Deaf Smith County and adjoining areas can justly be proud of their Deaf Smith County Elec Co-Op.

J. M. HAMBY

REAL ESTATE

Complete Real Estate Service—Farms—Ranches—City Property
Businesses—We Specialize in Trading Property of All Kinds
Will Appreciate Your Listings on Trades or Sales
Located at 1410 Park—Hereford, Texas
Phone 701

This is one of the most up-to-date Real Estate Firms in this section of the state offering all kinds of city and country real estate. Your best investment today is all kinds of real estate regardless if you invest in a homestead or business location, you are sure of always getting your money out of real estate. This firm has many listings of really worthwhile real estate, that would make anyone who is interested a very good investment. If you have any real estate that you would like to turn into cash, get in touch with this reliable firm and they will sell the property as well as rent it for you.

They always have a list of people, who are interested in real estate in this section of the country, who have the money to buy when they find the right people to deal with. They also trade real estate property, such as income property, business, farms, ranches, and all kind of city property. You do not need all cash to buy property in this section as J. M. Hamby Real Estate offers low payment on the balance, with moderate rates of interest. We are more than glad to give them extended mention in this business review of the community.

J. F. MESSER

HOUSE MOVING A SPECIALTY

Bonded and Insured
With 250 Mile Radius of Hereford—60 66 and 281 Highways
Located on Highway 60—Hereford, Texas
Phone 1578

The J. F. Messer Company is well known throughout the county for their efficient service, and the place where people of this section know they will receive expert advice in all that pertains to modern and up-to-date equipment for house moving purposes. If you are in the market for anything in this line, you can do no better than to see J. F. Messer in Hereford. They are capable of assisting you with your house moving troubles. The J. F. Messer House Mover is conveniently located for the customers in this area, which enables them to give the quickest and most efficient service in filling the every need of their many patrons.

Those who have patronized this well known firm have always been pleased with the courteous manner in which their requirements are handled. There is no delay on indecision here since in this field there is no other firm better equipped to handle every requirement of the public in this line.

In making this review of the onward progress of our community, we wish to compliment them on the fine service they are furnishing the people of this section of the state. The local management of this concern is courteous and straight-forward in dealing with the public, and strives to promote better business relations with others throughout the area.

SHELTON TIRE EXCHANGE

Good Year Tires and Tubes—Passenger and Truck Tires
Expert Recapping, Tire Balancing
Fast Road Service
Located at 301 E. 1st., Hereford, Texas
Phone 122

Automobile Tires are used by practically every family in the country, and it is necessary to have tires that stand the "gaff" of high speed and quick stops. This tire concern is in the hands of reliable men of the community, and they carry new and used tires known for long life. Here you will find their tires all that they claim them to be, for they are absolutely dependable and reliable in every respect.

This tire concern represents a large investment and by their rapid tire turnover, they are able to sell at most reasonable prices. Buy your next tires at the Shelton Tire Exchange and take advantage of their rapid tire service. You will be pleased with the personal interest shown every transaction, and will learn how you can enjoy many thousands of miles of trouble-free service at a reasonable cost.

This tire exchange is heartily recommended when the tires on your car are needed.

TAYLOR MOORE

CHEVRON SERVICE

Your Friendly Service Station in Hereford
Chevron Petroleum Products—Expert Lubrication
Atlas Accessories—Tires and Batteries
Located at 346 W. 1st, Hereford, Texas
Phone 629

The Taylor Moore Chevron Service is a modern up-to-date service, where you will find the employees courteous and accommodating. The autoist nowadays, who wishes to secure the utmost in service and satisfaction from his automobile gives it good attention, though every day it receives hard and exacting wear. It is a proven fact that 80% of the automobile repairing would be overcome, if proper lubrication were applied. The lack of grease and oil tends to cause many complicated troubles and expensive repairs.

Taylor Moore Chevron Service Station is a friendly service, where you can depend on quick service and a complete understanding of the job, when applying for a lubrication job. These are some of the many services that go to make up this first rate service station in Hereford. We are more than glad to give them extended mention in this business review of Deaf Smith and Randall Counties.

FARM & HOME SUPPLY

CASE DIESEL—Sales and Service
Located at 1301 Park Ave.—Hereford, Texas
Phone 1109

This is one of the Farm and Home Suppliers of Hereford, which is doing its part in furthering the progress and expansion of this, and surrounding territory and is well deserving of more than passing comment in this review, of the onward progress of our community. Since the general purpose of this edition is to give the local and adjoining areas an adequate idea of the various products and service available to them, we deem it quite appropriate to devote this space to this well known firm. The men who originated this enterprise obtained a very liberal education in the school of experience and supplemented it with a study of the needs of the community, and thus equipped themselves to render an unexcelled service in their line of business.

The able management of this concern has made many friends for the company by constantly adhering to a "square deal for all policy" of giving the maximum quantity and quality of materials and service, consistent with safe and sound business principles.

In making this onward progress review, we are more than pleased to call the attention of all people to this very popular service, and to say that they are civic leaders and up-to-date in their methods and are deserving of the people in this section of the state. The management of this concern is a well known business man in this region, and has always taken an active interest in the onward progress of this section of the state.

HEREFORD MILLING COMPANY

Manufacturers of Hereford Brand Feeds
Custom Grinding and Feed Mixing
Rolling and Pelletizing
Nutrena Feeds
Located East of City of Hereford
Phone 12

This is one of the worthwhile feed and supply companies of Hereford, rendering a most valuable service to the farmers in this section. The successful farmer of today has found it necessary to adopt new practices in every branch of farm activity. This situation is particularly true in the growing and feeding of livestock and poultry. In this respect, experiments on the part of feed manufacturers and agricultural colleges has revealed that to obtain the best results rations for either stock or poultry must consist of something more than farm grains, if the most profits are to be realized.

Farm grains are splendid, when used as a base, but should be supplemented with the proper minerals, proteins, and vitamins to get the most results from each feed dollar. There is a great economy in using feeds that are scientifically balanced, such as the famous Nutrena Feeds and Hereford Brands—manufactured by Hereford Milling Company in Hereford. This well known firm is one of the leading agricultural and industrial firms in this section of the state, and we wish to compliment them upon the great service they are rendering the people of these parts. Their straight-forward business methods and efficient service merits the attention of all our readers.

Residents of Hereford and surrounding areas are becoming increasingly aware of the excellent service offered by Fish and Warren Drilling Service. Their many patrons constitute their highest recommendation to any one in this district requiring service in this line. Their position of prominence in this field is now a matter of common acceptance by the people of this and surrounding districts. This fact is due to the sound business policies followed by the management and at the same time supported by the unsurpassed quality of work that typifies their service.

In this business every order is carefully watched to assure the personalized requirements of the individual are carried out to perfection. It is their pleasure to individualize to the satisfaction of the most exacting customer. Behind their record of success are skilled and thoroughly experienced personnel who consider every bit of work done a matter of personal pride. This aim is accomplished through the assistance of having the best of equipment with which to work. The management realizes that, regardless of current business conditions, good or bad, there is work.

Quality is their watchword. To those of our many readers, who are contemplating work of this nature may be recommend that you contact the Fish and Warren Drilling Service in Hereford. They will be only too glad to offer suggestions that may prove of real satisfaction to you. This concern stands with the leading business interests of the district and it is a pleasure to recommend their services to all our readers.

BIG BURGER DRIVE IN

Serving the Finest in Large Size Hamburgers
Friendly, Courteous Service in Your Car
Mr. and Mrs. Coffee—Owners
Located at 741 West 1st, Hereford, Texas
Phone 1736

There's something about the Big Burger Drive-In that sets it apart from all other eating places, that makes it highly satisfactory. The extreme care and thought that goes into everything; the cooking, serving and arrangement creates a lunch room to be visited regularly. The food is temptingly delicious, prepared in a careful manner in a spotless kitchen. You must learn for yourself what a pleasure it is to eat at the Big Burger Drive-In, at Hereford. The fountain service is noted for its excellence, being rightfully christened, "The Pick of the Particular," in the way of extra-thick deliciously-flavored malts.

All of these palatable sweets and sandwiches are served in a place that presents an appearance of all that is different from the usual, being the place that is unique in the entertainment circles of this area. The Big Burger Drive-In is one of the brightest spots of Hereford, supplying the lovers of good sandwiches and your favorite wholesome ice cream refreshments that are stimulating to the most jaded appetites. If you are in the city on business or for pleasure you will find the Big Burger Drive-In an ideal place to complete the pleasure of the day.

POARCH BROS.

WELDING ELECTRIC AND ACETYLENE
Portable Air Equipment
Ornamental Iron, Scroll Work, Aluminum and Cast Iron
Welding — Hard Surfacing Bit Work — Expert Operators
Located at 119 N. Lee, Hereford, Texas
Phone 810

The Poarch Brothers Welding Service is a vital element in the industrial progress of the state, for the service rendered is of great convenience to farmers, contractors, manufacturers and garage men. Many times, a part can be made or repaired in much less time than a new one can be obtained, thus saving many dollars annually. They have the very latest equipment to be found anywhere, which enables them to execute all classes of work with promptness and dispatch, regardless of the size of the job. The shop is convenient for the people of the surrounding territory, and on a visit you will find everything no less than made to order for the enterprise, and to please you will instantly become the dominating purpose of their entire organization, which is recognized as mechanical headquarters for this entire section.

They also have portable welding equipment to do any job anywhere within reason, just call 810 in Hereford or write and they will be only too glad to offer suggestions that prove a real satisfaction to you. We are more than glad in this review, to call attention of the people over this area to this popular service, and to say that they are reliable and up-to-date in their methods, and are deserving of your support.

HOPSON SLAUGHTER COMPANY

Custom Slaughtering and Processing
Quality Wholesale Meats For Cafes
And Food Stores
Located North of City, Hereford, Texas
Phone 1471

The Hopson Slaughter Company furnishes a market for the farmers and stockmen of this section. A striking example of a successful organization of this type, such as the Hopson Slaughter Company, which serves its rancher members with an unparalleled service in the marketing of livestock at the most advantageous price.

The management is highly experienced in the business, which is a reason why, we in this business review, are more than happy to recommend their services to all our readers.

Behind their record of success are a skilled and thoroughly proficient personnel, who consider every bit of work done a matter of personal pride in accomplishing perfection. We could say that people already using it endorse it and know its many advantages, but we can't show you in an advertisement. You must see this plant and let us explain it fully to you. Since there are many advantages, and a real education besides, why not come by and see our plant the first time you are in town? The public is invited to inspect the Hopson Slaughter Company at any time, as it takes only one trial to convince the most exacting that here is the most desirable place to get your Custom Slaughtering and Processing done.

STATE FARM INSURANCE

Troy Moore, Agency
All Types of Automobile Insurance
Life and Fire Insurance, Residence Liability
Fast Dependable Claim Service
Located at 403 East 1st — Hereford, Texas
Phone 161

There is no institution that is conducted in the country which is deserving of more favorable comment than this well known insurance service. Today the value of insurance is more than ever recognized each year as shown by the ever increasing number of policies that are written, and when you need anything in the insurance line, you can do no better than to take your problems to this reliable firm.

Their service is a credit to the community and a tribute to their progressive and reliable policies. The people of this area realize that they cannot afford to take a chance on their health and accident insurance, therefore by paying a small fee or premium, their financial loss from accident insurance is avoided.

They meet the needs of the people in a most straight-forward and business-like manner. In making this business review, it is a pleasure that we compliment them on the reliable service they are rendering the people of this area, and with the utmost confidence we refer our readers to this insurance service in Hereford, and assure you that from every point of consideration you cannot beat the service offered by this firm.

CORBET CLEANING COMPANY

29 Years Serving Hereford and Surrounding Territory
One of the Most Modern Dry Cleaning Plants
in Deaf Smith County
All Garments Insured—DRI-SHEEN METHOD
414 N. Jackson — Hereford, Texas
Phone 71

This firm makes a specialty of high grade cleaning and pressing for ladies and gents. They are especially prepared to take care of business from the surrounding territory and maintain a complete tailoring and alteration department which brings many new customers to them. This firm has a reputation for the kind of cleaning and pressing work that is built to last and consequently their services are in great demand for this concern knows the business from the ground up and employs expert workmen. They have won a warm place in the heart of the public through the excellent work they have executed in every branch of the cleaning and pressing business. The thinking public has come to understand that when work goes to this firm it is done according to their reliable methods and a satisfactory job is a certainty. The business is under the direction of up-to-date business people who appreciate the value of good service as a trade winner, and they and their associates are always willing and anxious to accommodate their patrons. They have always taken an active interest in the development of the state and are known as among our foremost progressive citizens.

SCOTTY'S PLANING MILL

General Mill Work—Made to Order
Custom Built Cabinets—Screens—Sash—Moulding Trim
General Mill Work—Made to Order
Located at 224 Avenue D — Hereford, Texas
Phone 1190

This well known firm specializes in the production of expert Mill Work, built-in cabinets, store fixtures and other general mill work. They have the latest equipment and men who know how to turn out work that is practically perfect. Their modern equipped woodworking plant for the manufacture of wood specialties is humming with activity, and they are prepared to promptly turn out large lots of first class work which is furnished at very reasonable prices. There is nothing more important in your new residence or store building than mill-work, and the mill-work will make all the difference in your satisfaction with the new place.

All the more noticeable features of the buildings elaboration comes from the mill. If they make your fixtures or other mill-work or cabinet work, your home or store will be better without costing more. The Scotty's Planing Mill conducts a well known business in this section, and has been prominently identified with the business progress of the community, and we wish in this review to compliment them upon the manner in which the business is operated.

PITMAN GRAIN COMPANY

Grain Buyers
Located at 100 South Main
Hereford, Texas
Phone 1

This company furnishes a grain market for the farmers and ranchers of this section, and renders an unparalleled service in the marketing of grain at the most advantageous prices.

It is under the direction of men thoroughly conversant with every feature of the business, therefore it is a valuable asset to its home community. This popular institution was founded many years ago and has grown with hardly a pause in its rapid development. That much discussed word, "service" finds true expression in the friendly atmosphere that envelops every customer of this popular firm because service is interpreted in so many ways that it may well be said to be the sign manual of the institution.

It has maintained an air of calm, friendly dignity which can be associated only with a business of standing and sure position. Fair, honest business methods at all times, individual service to every patron, has established for them a trade that has extended throughout the surrounding territory. We wish to take this opportunity to congratulate the management of this reliable firm on the policy of fair dealings which was inaugurated with the opening of the firm to the public, and has never varied or departed in any way during the time it has had business dealings with the people of this section of the state. We call the attention of the people to the advantage of having a metropolitan service at their very door which has maintained inviolate service to the public.

M AND M PLUMBING CO.

Plumbing Fixtures and Heating Equipment
Admiral Appliances—Youngstown Steel Cabinets
General Electric Air Conditioning Units
"The Place To Go For the Brands You Know"
Located at 1310 Park Avenue, Hereford, Texas
Phone 1282

The M and M Plumbing Company has an establishment that has done its share in making this and surrounding territory more healthy and sanitary. The complex construction of the modern home compels the sanitary engineer to have as thorough knowledge of the principles of heat, water and drain circulation as the physician has of the body. The people of this section may have just as careful attention to the plumbing system in their home, by having their plumbing work taken care of by this well known engineer. M and M Plumbing Company has spent its efforts in studying the plumbing problems of all types of homes and will be glad to solve your plumbing problems for you.

In solving these problems, they are rendering a great service to this entire section of the state. Heating and plumbing is an exact science that requires years of study, plus practical experience. It is readily admitted by health experts all over the country that greater attention be paid to plumbing systems, but heating and sanitary engineers have done much to raise the general standards of health for all people, particularly those in our crowded cities.

Their scientific knowledge of the principles of plumbing coupled with the acquaintances of the plumbing work gained through long experience, has placed this firm among the ranks of the most competent sanitary engineers and master plumbers of the county.

FULLWOOD ELECTRIC, INC.

Official Auto-Lite Sales and Service
A Complete Service on Starting-lighting, ignition,
Voltage Regulators, Generators, Magnets
Located at 232 West 3rd St., Hereford, Texas
Phone 20

This firm renders a complete Magneto, Voltage Regulator, Generator, Starter and Ignition System service on all makes and model cars and trucks. No adjustment or repair on any automobile is more delicate or requires more technical skill than adjustment of the Voltage regulators, magneto, and ignition systems. This firm was organized to handle in an expert manner just such delicate work.

All electrical systems must be entrusted to an expert, this firm was qualified in the eyes of the public, is proven by the fact that the number of patrons is constantly increasing. It is the policy of this shop that no piece of work must leave the shop which does not give satisfaction to the user. Dealers of many standard makes of automobiles have made this shop the official starting, lighting, and ignition service station for their cars and trucks.

* In making this review we are more than glad to recommend their services to all our readers. Stop in and pay them a visit the next time you are in Hereford. Satisfactory service is assured.

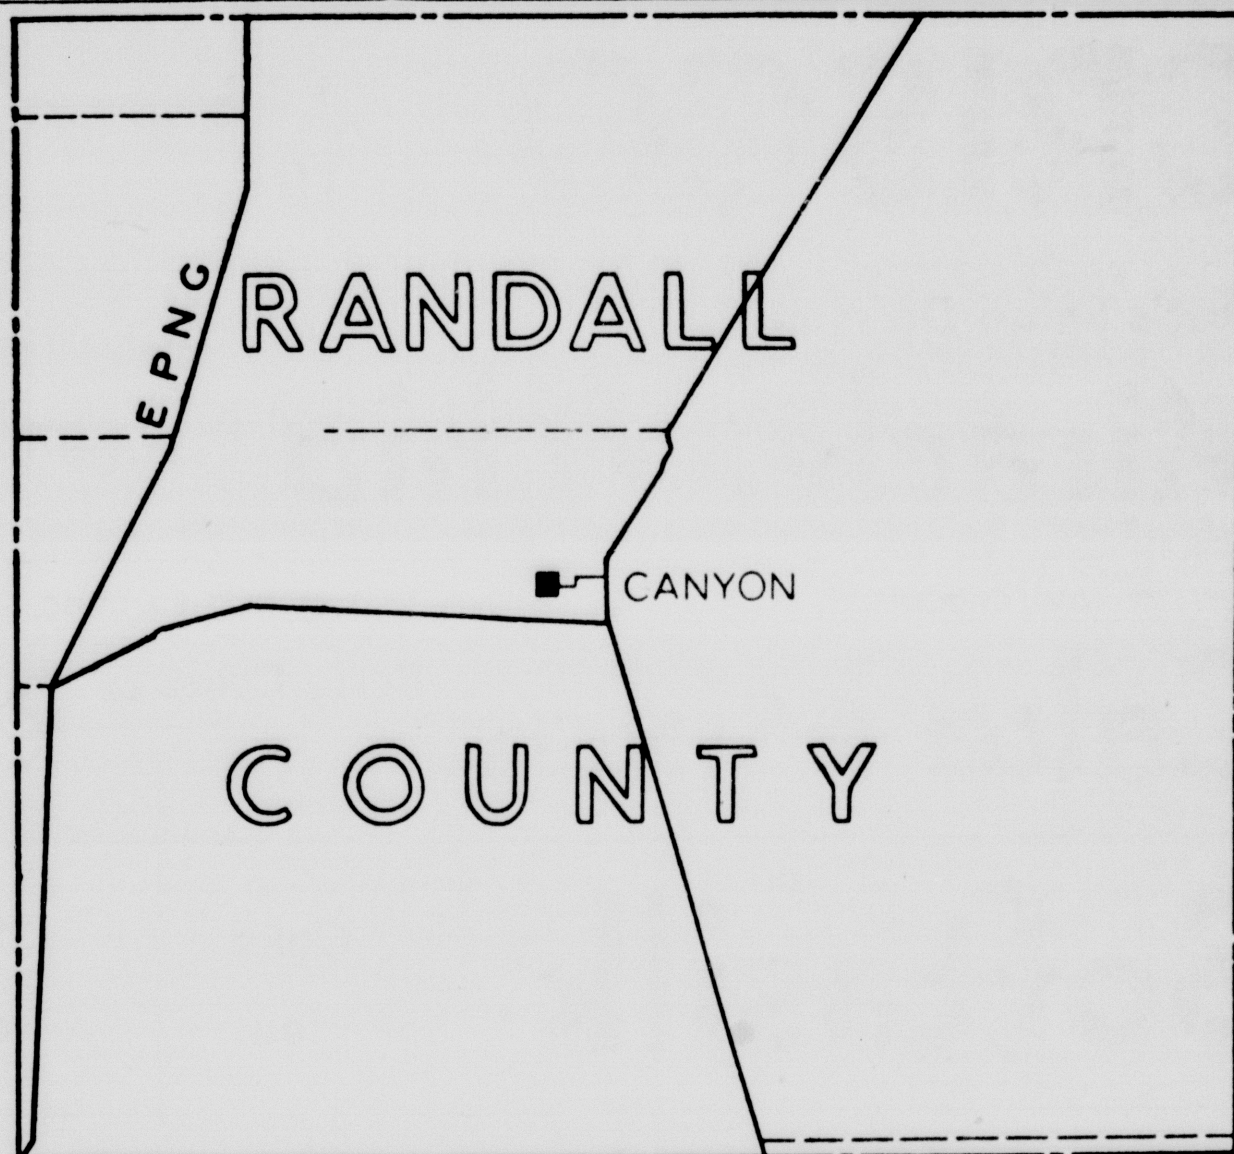

IRRIGATION SERVICE & MACHINE WORKS

Genuine Irrigation Supplies—Lane and Bowler Pumps
Expert Service on Irrigation Pumps and Supplies
Located at 1003 East 1st Street—Hereford, Texas
Phone 1761

The Irrigation Service and Machine Works is one of the principal industries in this section of the state, which is doing its part in furthering the progress and expansion in this and surrounding territory. This company is one of the best establishments of its kind in this part, and has been in continuous operation for about two years. In all this time they have progressed in keeping up with the latest trends in all that pertains to Irrigation and Pump Supplies.

To prove an average service in an average establishment is nothing worthy of special comment. The provision, however, of a service that is just a bit in advance of others is a highly appreciated feature in any community and is indeed something meriting particular recognition. The well known firm is identified by exactly this kind of service. First, they insist that the service rendered be entirely dependable. You can be assured that you will receive courteous treatment and sound values when you deal with this establishment.

These are but a few of the reasons why this favorably recognized firm has developed such a thriving business, and at the same time are in a large part responsible for the expanding acceptance of their products. The management is of competent and thoroughly experienced in all details of the business and it is entirely fitting that we take this opportunity in this review to recommend them to all our readers as one of the community's most valued assets.

A network of natural gas feeder lines serving Randall County farmers irrigation fuel are shown on the above map indicated by dash lines. These lines, laid by Pioneer Natural Gas Company, tie in with Pioneer's trunk lines which are shown as solid lines. A total of 33 miles of feeder line has been laid by Pioneer in Randall County during the past two years.

Randall County Irrigation Lines

Many farmers in the West Texas area are discovering that the legendary "Pot-of-Gold" at the end of the rainbow isn't so legendary after all.

The "rainbow" in this case is a vast network of natural gas feeder lines and farmer group lines which have been constructed during the past two years which will result in savings of many thousands of dollars to Randall County farmers this year.

Construction crews of Pioneer Natural Gas Company, with its West Texas Division headquarters in Lubbock, recently laid the final length of pipe in a series of natural gas feeder lines totaling 787.59 miles in 12 West Texas counties. Pioneer's overall investment in the irrigation feeder line program totaled about \$7,875,000 or approximately \$10,000 a mile.

Of the total mileage, 33 miles of feeder line have been laid in Randall County, serving a total of 105 irrigation wells as of May 15. Pioneer Natural Gas Company's investment in the county is approximately \$330,000.

The gas utility company's irrigation program was first instigated in 1953. Since that time Pioneer has run feeder lines off of their trunk lines where a sufficient

number of wells and right-of-way can be obtained. The farmers, in turn, have formed consumer groups and run their lines to connect with Pioneer's feeder lines.

Thus far, feeder lines have been laid in Deaf Smith, Parmer, Castro, Swisher, Bailey, Lamb, Hockley, Hale, Floyd, Lubbock and Crosby counties in addition to Randall County. A total of 8,629 irrigation wells are now run by natural gas in this 12 county area.

The farmers in this area have averaged laying approximately eight miles of consumer owned line to every one mile of feeder line laid by Pioneer. This totals approximately 7,088 miles of natural gas pipeline laid in the 12 county area during the past two years.

This amount of pipeline, if laid end to end, could carry natural gas from Canyon to New York City; New York City to Los Angeles; Los Angeles to Miami, Fla.; and from Miami to Raleigh, North Carolina.

To the farmer who is fortunate enough to have a natural gas supply available with which to run his irrigation motors it means he has been able to cut his irrigation fuel costs in half and in many cases the farmer has been able to save two-thirds of the amount he paid in previous years for a corresponding amount of irrigation fuel.

It has also meant lower motor-maintenance costs and has enabled the farmer to conduct longer and more intensified watering seasons which in turn have increased his per-acre yield.

And area businessmen are also realizing benefits from this new source of power for the farmer's irrigation engines as the buying power of their rural customers increase with the savings realized from the use of natural gas.

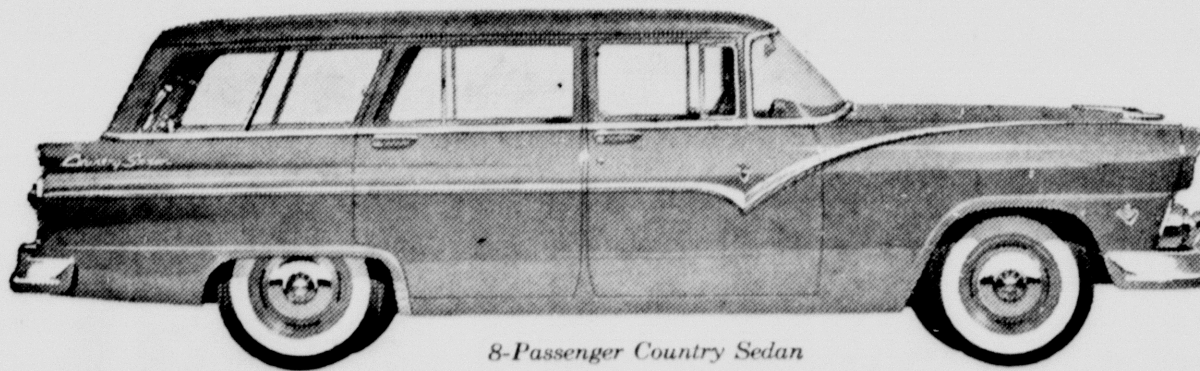

Dwight D. Eisenhower: "We will stay strong and we'll stay vigilant, but we're not going to extinguish the hope that a new dawn may be coming, even though the sun rises very slowly."

Charles E. Wilson, Secretary of Defense: "The United States is building military forces of tremendous power in an unremitting effort to achieve world peace."

Sir Roger Makins, British Ambassador to the U. S.: "In negotiation, you don't give away things in a weak sense, you stand up for what you believe in."

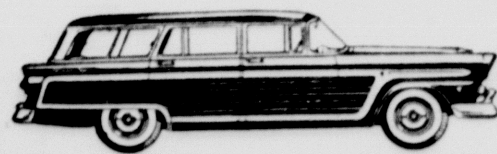

NOT ALL LOSS

"I expect to get something out of my teeth."
"But I thought you were going to have them pulled?"
"I am; but I'm going to sell the gold fillings."
